Social Work offers graduate and undergraduate studies leading to the Bachelor's and Master's degrees in Social Work. The School also offers a Ph.D. in Social Welfare.

This profession requires a high degree of knowledge, skill, and dedication; a desire and ability to work effectively with people and to help solve social problems; a scientific understanding of society and human behavior; skills of social work practice; and identification with values of the profession.

Note: The programs, policies, requirements, and regulations listed in this catalog are continually subject to review in order to serve the needs of the University's, College's and School's regulatory and accrediting agencies. Changes may be made without advance notice. The curricula described in this catalog are continually subject to review in order to respond to the mandates of the Florida Department of Education, Board of Governors, the Legislature, the Council on Education for Public Health and the Council on Social Work Education. The School makes every effort to minimize the impact of curriculum changes on currently enrolled students by stipulating that students complete the requirements of their degree program in effect at the time of admission or readmission to the program. In the event that this is not possible due to accreditation standards or the deletion of courses, students may be required to complete alternative degree requirements in order to graduate.

Bachelor of Science in Social Work

Degree Program Hours: 120

The program offers an integrated educational experience that combines the theoretical and the practical. It is designed to prepare the student for generalist practice as a beginning professional social worker, for entrance into a graduate school of social work, and for participation in society as an informed citizen. The curriculum applies a bio-psychosocial model within the context of a social systems framework to understand client systems, address problems and develop intervention. The program is grounded in the core competencies set forth by the Council on Social Work Education. Students are expected to meet all core competencies by the end of their studies. Students are also provided grounding in public health core knowledge.

The program is accredited by the Council on Social Work Education.

The four semester program includes a sequence of academic courses as well as field education under qualified supervision in social service agencies in South Florida. Students are able to engage in practice behaviors that integrate their knowledge from the classroom into their practice in the field. As part of field education, social work students may also participate with students from the Herbert Wertheim College of Medicine and the Nicole Wertheim College of Nursing and Health Sciences in the Green Family Foundation Neighborhood HELP™, an inter-professional team approach in Miami-Dade communities.

Field agencies require the disclosure of conviction records for misdemeanors and/or felonies, current screenings for drug use, and health screenings. Therefore, students are often required to submit state and federal background checks, drug screening tests, and health screenings prior to the initiation of the practicum. Findings in the background checks and/or drug screenings tests may affect a student's ability to participate in field internship and, thus, complete the social work program. Students are further advised that Florida and most other states may restrict or deny social work licensure for persons with a felony conviction and some misdemeanors convictions. Students with a criminal background must consult with the BSSW Program Coordinator before continuing in the program.

Due to the unique nature of evening and weekend placements, at the BSSW level, no evening or weekend placements are available. The School of Social Work is under no obligation to provide such placements. In addition, students cannot complete their field placements at an agency at which they are employed.

For planning your program of study, please meet with your academic advisor. Additional information regarding admission requirements for the BSSW program as well as major maps can be found at http://mymajor.fiu.edu/browse/470SOCWKBS.

Remarks: Students should be aware that courses in this program are sequenced. Students must check with their advisors for pre and corequisite courses. Prerequisite course requirements will be enforced. Students will be administratively dropped from courses when they lack the required prerequisite course or courses. A grade of ‘C’ or higher (a grade of “C-” is not acceptable) in all courses required for the major is necessary for graduation. A passing grade in field courses is required for continuation in the program. Field courses cannot be repeated.

Minor in Social Welfare

A five-course minor in social welfare is available to baccalaureate degree-seeking students who are interested in careers in the human services field or who wish to study how common human needs are addressed within social welfare programs. The courses that comprise the minor will provide students with the opportunity to relate to the special concerns of our region, including poverty, crime and delinquency, child abuse and neglect, and family instability. The minor is available at Modesto A. Maidique Campus. A 2.75 GPA is required for admission into the minor. Prerequisites may be required for some of the courses listed. Students must earn a “C” or higher in the five (5) courses in order to obtain the minor.
