The Department of Journalism + Media (J+M) in the School of Communication + Journalism (SCJ) offers professional, hands-on programs dedicated to training the next generation of journalists, broadcasters and digital professionals for successful careers in media. Our graduate program in Spanish-language Journalism with a bi-lingual track offers native and non-native Spanish speakers an opportunity to acquire multimedia and digital skills leading to careers in national and international newsrooms.

The distinguished faculty teaches students to think critically, write professionally and incorporate the most up-to-date technologies needed to produce compelling 21st-century broadcast and multiplatform journalism. Our degree is accredited by the Accrediting Council on Education in Journalism and Mass Communication.

Through the Department's project-oriented, real-world approach to education, students learn the core values and principles of journalism, broadcasting and digital media and the practical skills needed to succeed. This is accomplished by placing great emphasis on internships at top quality companies and organizations, as a complement to course work and by providing an opportunity for students to develop leadership and networking skills through the chapters of the National Association of Hispanic Journalists, the National Association of Black Journalist and the award-winning student chapter of the Society of Professional Journalists. The nationally-recognized student-operated South Florida News Service provides all students with an opportunity to immerse in a multimedia digital production.

Bachelor of Science in Communication

Degree Program Hours: 120

The degree from the Department of Journalism and Media is accredited by the Accrediting Council on Education in Journalism and Mass Communications. Only 25 percent of all programs in journalism and mass communication in the United States are accredited. The aim of the undergraduate communication program at the University is to prepare students who:

1. are broadly educated, demonstrated by a grasp of the liberal arts and an appreciation of the value of knowledge and learning, including exploration in

some depth of a specific field of knowledge outside communication;

2. can think clearly and objectively about the complexities of the modern world, formulate concepts and effectively communicate this information to targeted audiences;
3. are proficient in the basic skills necessary to meet professional requirements at the entry level in one of the tracks offered by the school. This shall include the ability to write English to professional standards and to master the mechanics of grammar, spelling, and punctuation; and
4. understand the social, ethical, economic, philosophical, and political aspects of the communication professions in a global society.

Academic Advising

Academic advising is available for all students pursuing a major in Journalism, Broadcast Media (broadcast journalism and television production), and Digital Media Studies (digital media management and digital media content). Those students interested in our majors, minors and/or certificate programs are encouraged to meet with an advisor. Advisors are available to help students understand the academic curriculum, procedures, and policies, create and refine short and long term educational goals, select areas of study, including majors and concentrations, connect with faculty members and university resources, address academic difficulties and ensure that students are on the correct path to timely degree completion.

Common Prerequisite Courses and Equivalencies

Courses that form part of the statewide articulation between the State University System and the Florida College System will fulfill the Lower Division Common Prerequisites.

For generic course substitutions/equivalencies for Common Program Prerequisites offered at community colleges, state colleges, or state universities, visit: <http://www.flvc.org>. See Common Prerequisite Manual.

Undergraduate Requirements

To meet the undergraduate requirements for the program (which allows a student to fully enter and complete their major and degree), FIU undergraduates and transfer students must pass **MMC 3003** (Mass Communication Orientation), and have a minimum **cumulative GPA of 2.85** (this includes all transfer work, in addition to current FIU work). The GPA waiver requirement will not be waived.

Writing Proficiency

All students in each of the majors are expected to demonstrate proficiency in writing. Students are required to enroll in Writing Strategies for Reaching a Mass Audience (MMC 3104C) and earn a 'C' or higher. Admission to MMC 3104C requires that a student scores a minimum of 70 on the Language Skills Test and passes the writing sample, no exceptions. Be sure to complete this requirement early so as not to fall behind.

MMC 3104C is the prerequisite for the majority of courses in the SCJ.

Transfer Credit

Transfer students may receive credit for comparable Florida state communication courses in accordance with Statute 1007.24(7) or for a maximum of six semester hours of communication courses previously taken at non-Florida state institutions with a grade of 'B' or higher in each course.

Grade Policy

Only grades of 'C' or higher in SCJ courses, the student's area of concentration, and other courses as required by the School shall apply for graduation. A 'C-' is unacceptable. A "P" grade is unacceptable, unless the required course is zero credits. In order to take courses, students must have completed all prerequisites for the course with a grade of 'C' or better. Any student found not to have completed the specific prerequisite requirements as stated in the catalog and the course outline will be administratively dropped if the student does not drop the course prior to the end of the drop period. Students who are late or absent on the first day of class may be dropped from high demand courses at the instructor's discretion.

Graduation Policy

To be eligible for graduation, a student must have a minimum **2.75** GPA in all SCJ courses as well as in the outside courses required by the program.
