

Occupational Therapy

Lynne Richard, Ph.D., OT/L, *Interim Chair and Assistant Professor*

Alma Abdel-Moty, OTD, OTR/L, *Academic Fieldwork Coordinator and Clinical Professor*

Tana Carson, Ph.D., OTR/L, *Assistant Professor*

Hector Huerta, OTD, OTR/L, *Clinical Assistant Professor*

Rebecca Mojica, MS, OTR/L, *Visiting Clinical Instructor*

Amy Paul-Ward, Ph.D, MSOT, *Associate Professor*

Ana Rodriguez, OTD, MS, OTR/L, *Clinical Assistant Professor*

Ingris Treminio, OTD, OTR/L, *Visiting Clinical Assistant Professor*

Jaelyn Schwartz, Ph.D., OTR/L, *Assistant Professor*

Rebecca Mojica, MS, OTR/L, *Visiting Clinical Instructor*

Master of Science in Occupational Therapy

Mission

The mission of Florida International University's Occupational Therapy Department is to establish excellence in occupational therapy education, research and scholarly activities as well as to prepare culturally knowledgeable entry level practitioners who will provide evidence-based occupational therapy services to a locally and globally diverse community. The Department's mission reflects the College's mission: to teach, conduct research, and serve the community. The College prepares diverse health care professionals as providers and leaders in the delivery of high quality, accessible, culturally competent care within a highly technological and global environment. The College promotes, expands and validates scientific knowledge and evidence-based practice through interdisciplinary research. The Department's mission is in concert with the University's mission: to meet the educational and support needs of a diverse student population and provide opportunities for minority and non-traditional students.

Vision

The vision of the Occupational Therapy Department is to be locally and globally recognized for quality occupational therapy education, community engagement, research, and scholarly activity.

About The Profession

Occupational Therapy (OT) is a health profession which prepares practitioners to help people across the lifespan to participate in the things they want and need to do through the therapeutic use of everyday activities (American Occupational Therapy Association).

Occupational therapists assess individuals' abilities to carry out tasks and activities necessary to enable function for productive living. Working collaboratively with clients, considering their personal goals, lifestyles, and environments, the therapists develop intervention programs designed to help develop/restore the greatest possible functional capacity. During the treatment or rehabilitation process, the clients actively engage in directed programs of purposeful, meaningful activities designed to increase their levels of functioning. Occupational therapists work collaboratively with

individuals, families, other health professionals, and health and community agency personnel. A successful therapist must be able to work with others, look at the totality of human performance, think creatively, problem solve, and direct the actions of others. Occupational therapists serve a wide variety of individuals in all age ranges and work in settings such as community agencies, sheltered workshops, hospitals, schools, skilled nursing facilities, rehabilitation centers, and home health. There is an increasing demand for occupational therapists and excellent opportunities exist for career advancement. Additional information regarding careers in occupational therapy can be requested from the American Occupational Therapy Association Inc. at 4720 Montgomery Lane, Suite 200, Bethesda, Maryland, 20814-3449, at www.aota.org, or by calling (301) 652-2682 or (800) 377-8555 (TDD - Telecommunication Device for the Deaf).

The program is a seven semester, 80 credit, and full-time program leading to a Master of Science in Occupational Therapy degree.

Program Accreditation

The Occupational Therapy Professional MS Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20824-3449. ACOTE's telephone number C/O AOTA is (301) 652-2682, www.acoteonline.org.

Certification and Licensure

The entry-level Professional Master of Science in Occupational Therapy program is accredited by ACOTE. Graduates of the program are eligible to sit for the national certification examination for occupational therapists administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR).

Most states require licensure to practice; eligibility for a licensure is usually based on successful graduation from an accredited OT program and passing the NBCOT Certification Exam. A felony conviction may affect a graduate's ability to sit for the NBCOT Certification Examination or attain state licensure. Students should be aware that it is difficult (or impossible) to obtain a license if they have ever been convicted, plead guilty or nolo contendere to a felony violation.

Background Checks and Drug Screenings

All incoming students, as part of the admission process, must comply with the Nicole Wertheim College of Nursing and Health Sciences [NWCNHS] policy for health and immunization screening and background check.

The health and immunization screening includes the following requirements:

- Immunization and /or titers of:
 - Varicella, Rubeola and Rubella, Mumps or MMR vaccine
 - Tetanus Toxoid booster; diphtheria; pertussis, or ADACEL vaccine
 - Hepatitis B Vaccine (3 doses)
 - PPD- 2 step-if 1st time taker
- Medical history and Physical Exam
- CPR/BLS – for health care providers from AHA

- Proof of major medical health insurance coverage
- 7 year employment verification
- Pass a drug screening

Florida International University- Nicole Wertheim College of Nursing and Health Sciences utilizes Complo as the background clearing house, and for tracking student immunization records.

The background check includes social security number search (residency history, state and year SSN issued), criminal search (7 years), sex offender search, federal criminal search, and healthcare exclusion list.

Advising

Group advising sessions are held on a regular basis during the semester; the dates are posted on the department website, <https://cnhs.fiu.edu/academics/occupational-therapy/index.html>. If you have specific questions related to your application, the OT advisor will answer them during the session. All applicants who live in Miami- Fort Lauderdale area are expected to attend an advising session. Students who live outside the area can call the OT department at (305) 348-6068 or (305) 348-2922 and ask to speak with an advisor or Graduate Coordinator.

NOTE: The programs, policies, requirements, and regulations listed in this catalog are continually reviewed in order to serve the needs of the University's and College's various policies and to respond to the mandates of the Florida Department of Education, Board of Governors, the Legislature, and other regulatory and accrediting agencies. Changes may be made without advance notice. Please refer to the General Information section for the University's policies, requirements, and regulations. Please refer to <https://cnhs.fiu.edu/academics/occupational-therapy/index.html> for latest information on the OT program, policies, and procedures.

The Professional Master of Science

The Professional Master of Science in Occupational Therapy program is designed for students who hold a baccalaureate degree from a regionally accredited college or university. Through a combination of academic and fieldwork education the MSOT program of study prepares students for entry-level practice as a generalist practitioner.

Application Process and Deadlines

The application and admission process is composed of two parts:

1. The OT program uses the Occupational Therapy Centralized Application Service (OTCAS) for application to our program. An applicant must create an OTCAS account at: <https://portal.otcas.org/>. All application materials are completed through the OTCAS system. All official transcripts should be sent directly to OTCAS to verify your academic records. All application materials must be received by the application deadline in order to be considered. Our website: <https://cnhs.fiu.edu/academics/occupational-therapy/index.html> provides full details and application the deadline date.
2. All Applicants must also apply to the FIU Graduate School by the application deadline. A link to the University Graduate School application is available on

the OTCAS site. Graduate Record Exam (GRE) scores must be sent to the FIU Graduate School and official transcripts must also be sent to the FIU Graduate School. For more information: <http://gradschool.fiu.edu>.

Admission Requirements

Admission to the Professional Master of Science in Occupational Therapy is highly competitive and admits students for the **fall semester of each academic year**. The department selects students based on their record of academic excellence, outstanding personal qualities and achievements.

To be admitted to the Professional Master's degree program students must:

1. Have taken the Graduate Record Exam (GRE) within the last five years. GRE scores must be received by University Graduate School (**GRE School Code 5206**) by the application deadline.
2. Hold a bachelor degree from a regionally accredited college or university.
3. Have a minimum of 3.0 GPA average based on a 4.0 scale in upper division courses of the bachelor degree.
4. Complete the following prerequisite courses prior to the start of the fall admission term with a minimum grade of "C": a). Abnormal Psychology; b) Human Growth & Development; c) Biology with Lab; d) Statistics; and e) Medical Terminology. Required cumulative GPA for all prerequisite courses is 3.0 on a 4.0 scale.
5. A grade of "B" or above must be earned in the following 4 courses: a) Anatomy and Anatomy Lab; b) Pathology; c) Physiology; and d) Neuroscience. Three of the 4 courses must be completed prior to the OT Department Application submission deadline.
6. Complete the OTCAS application. Provide 3 letters of reference, a personal essay of professional and educational goals, work experience, activities, accomplishments and recognitions. These documents are submitted directly with your application. Admission is competitive and meeting the minimum requirements for admission does not guarantee admission into the program.
7. Meet admissions requirements of the OT department and the University Graduate School.
8. International students must have a Bachelor's degree equivalent of a US baccalaureate degree from an institution recognized in their own country as preparing students for graduate level study. International graduate student applicants whose native language is not English are required to submit a score for the Test of English as a Foreign Language (TOEFL) or for the International English Language Testing System (IELTS). Minimum required scores is 550 on the paper-based TOEFL, 80 on the internet-based TOEFL (iBT) or 6.5 overall on the IELTS.
9. A departmental interview may be required.

Prerequisites for the Professional MS degree

1. Biology and lab 4
2. Human Physiology (3 credits) or Anatomy/Physiology I and II with labs (*students who have completed Anatomy/Physiology I and II with labs have met the prerequisites for Biology and Physiology, but not Anatomy*)6-8

3. Abnormal Psychology	3	OTH 5438L	Adaptation of Human Occupation and Environment of Neuromotor Disorders II Lab	1
4. Human Growth and Development	3			
5. Statistics	3			
6. Human Anatomy with lab ¹	4	OTH 5843C	Adaptation of Human Occupation and Environment for Psychosocial Practice II	3
7. Pathology	3			
8. Medical Terminology	1-3	OTH 5725	Management and Community Based Practice in Occupational Therapy	3
9. Neuroscience ¹	3			

¹These courses must be numbered 3000 or above.

**Required Courses for Professional Master in OT:
(80 credits)**

Professional Master's Course Sequence*

OTH 5011	Theories & Practice of O.T.	3
OTH 5162	Adaptation of Human Occupation	2
OTH 5162L	Adaptation of Human Occupation Lab	1
OTH 5202	Occupational Development: Infancy Throughout Adolescence	3
OTH 5202L	Occupational Development: Infancy Through Adolescence Lab	1
OTH 5760	Current Research in Occupational Therapy	3
OTH 5224	Conditions Affecting Occupational Performance	3
OTH 5203	Occupational Development: Adulthood and Aging	3
OTH 5414	Analysis & Adaptation Human Motion	3
OTH 5414L	Analysis & Adaptation Human Motion Lab	1
OTH 6195	Assistive Technology and the Environment	2
OTH 6195L	Assistive Technology and the Environment Lab	1
OTH 6772	Evidence Based Practice and Critical Appraisal	3
OTH 5921L	Integrative Seminar I	2
OTH 5430	Adaptation of Human Occupation and Environment for Musculoskeletal Disorders I	2
OTH 5430L	Adaptation of Human Occupation and Environment for Musculoskeletal Disorders I Lab	1
OTH 5217	Occupational Engagement Throughout the Continuum of Care	2
OTH 5217L	Occupational Engagement Throughout the Continuum of Care Lab	1
OTH 5301	Adaptation of Human Occupation and Environment for Psychosocial Practice I	2
OTH 5301L	Adaptation of Human Occupation and Environment for Psychosocial Practice I Lab	1
OTH 5524	Adaptation of Human Occupation and Environment for Neuromotor Disorders I	3
OTH 5524L	Adaptation of Human Occupation and Environment for Neuromotor Disorders I Lab	1
OTH 6972	Master's Project	3
OTH 6431	Adaptation of Human Occupation and Environment for Musculoskeletal Disorders II	2
OTH 6431L	Adaptation of Human Occupation and Environment for Musculoskeletal Disorders II Lab	1
OTH 5438	Adaptation of Human Occupation and Environment for Neuromotor Disorders II	3

OTH 6973	Master's Project	3
OTH 5922L	Integrative Seminar II	2
OT Elective		3
OTH 5845	Level II Fieldwork I	6
OTH 5846	Level II Fieldwork II	6

**Some courses may be offered Online; Curriculum and sequence may be changed by department*

Academic Standing

Good Standing: To achieve and maintain a classification of good standing, the student must maintain a G.P.A. of 3.0.
