Established in 1975, the Children's Creative Learning Center is an Educational Research Center for Child Development and an AdvancED accredited Early Learning School. The Center is located on the Modesto A. Maidique Campus and offers an educational preschool program for young children.

The essence of the program at the Center is built around verbal communication, enhancing the children's ability to be in touch with their different feelings and to express them verbally. Additionally, the Center's objectives for each child are the development of: self-concept and self-reliance, independent decision making, the ability to confront and resolve problems, respect and consideration for others, social skills and interpersonal relations.

Children between the ages of 2½ through 5 years who have achieved bathroom independence are eligible for programs housed in the CCLC Main building. Children between the ages 2 to 2½ years who may be working toward achieving bathroom independence are eligible for the Center's Toddler program, housed in the Graham Center.

Center enrollment priority is given to children of FIU students. If you are interested in enrolling your child at the Center, it is recommended to place your child on the waiting list as soon as you are comfortable doing so. Please visit the CCLC building (located on the west side of campus, next to the tennis courts) to inquire about the Center programs, place your child onto the waiting list, and tour the facility. The Center's office hours are 8:30am – 5:00pm and no appointment is necessary for a tour.

For students seeking financial support for child care, the Center has been awarded the Child Care Access Means Parents in Schools (CCAMPIS) Grant from the U.S. Department of Education. CENTER FOR LEADERSHIP AND SERVICE

The Center for Leadership and Service (CLS) provides students with developmental and experiential opportunities that foster, action, and community engagement. Through leadership education, service-learning, civic engagement, service, and social innovation, students will become active citizens on-campus, in their respective communities, and globally. The vision of the CLS is to develop students for engagement in lifelong leading, service, and learning.

Leadership education is offered through co-curricular (non-credit) programs. Non-credit leadership development programs range from one-hour skill building workshops, to semester-based programs (Academy of Leaders), Program on Demand workshops. All of these programs are interactive and experiential in nature and are offered at a variety of times to accommodate our diverse student population. Programs are developmental in nature, so students can begin with an emerging leader program and progress to more advanced leadership training while at FIU. Consult the department web site for program descriptions and application details, leadserve.fiu.edu.

CLS is also the central office for service development, by offering a clearinghouse and resource center for volunteer activities, service-learning, and advocacy for social issues. Two major service projects are sponsored by CLS in the Fall and Spring Semesters. Alternative Break (AB) educates students about social issues and encourages them to make a difference by participating in direct service projects in communities throughout the country and abroad. Roarthon is a student-run philanthropy dedicated to raising money for the Children's Miracle Network. Students can serve on the planning committee or participate as dancers in the overnight fundraiser that benefits the Nicklaus Children's Hospital Foundation. Relay for Life is the signature fundraising event for the American Cancer Society. A committee of FIU students organizes the 6-hour walk and thousands participate in the event to celebrate life and provide hope for those touched by this disease. By taking leadership roles in organizing and implementing these projects, students are able to practice and refine their leadership skills. Students may also take on leadership roles by providing peer education. The LEAD Team is a group of student facilitators that promotes and supports leadership development. DISABILITY RESOURCE CENTER

The American Disabilities Act (ADA) requires institutions to make reasonable accommodations in order to provide students with disabilities an equal opportunity to participate in courses, programs, services, and activities at Florida International University.

The Disability Resource Center (DRC) collaborates with students, faculty, staff, and community members to create diverse learning environments that are usable, equitable, inclusive, and sustainable. The DRC provides FIU students with disabilities the necessary support to successfully complete their education and participate in activities available to all students.

Accommodations may include: note takers, extended time on assignments, adaptive equipment/technology, testing accommodations, CART services, ASL Interpreters, and readers/scribes.

For more information about our services, you may visit our website at drc.fiu.edu.

If you have a history or diagnosis of disability and plan to utilize academic accommodations, please contact the DRC’s MMC or BBC Office using the following information. Modesto A. Maidique Campus: GC 190, (305) 348-3532; Biscayne Bay Campus: WUC 131, (305) 919-5345.

Class Attendance

If a qualified student with a disability believes it may not be possible to abide by the attendance policy due to disability related reasons, the student should contact the Disability Resource Center (DRC) at the beginning of the semester, or as soon as possible after the need for an exception arise, to discuss the possibility of the accommodation being initiated.

The DRC may determine that a student’s disability entitles the student to an adaptation of the usual course attendance policy. Adaptations of course attendance policies will be determined on an individual, case-by-case basis. Adaptations of the course attendance policy does not mean that unlimited absences will be permitted. Florida International University’s Disability Resource Center attempts to make every effort to accommodate students’ disability related academic needs. However, neither the university nor an individual faculty member is required to waive essential or fundamental academic requirements of a course regardless of the nature of a student’s disability.

Regardless of the adaptation of the course attendance policy, the student is required to meet all of the academic course requirements and to complete all assignments and examinations. It is the student’s responsibility to obtain the material and notes from missed classes. The student will be graded according to the criteria stated in the class syllabus.

Students should note that absences for non-disability related reasons will not be excused by the DRC and are only vetted through the professor of the course. When an attendance accommodation is determined to be reasonable, a DRC Access Consultant will work with the faculty to define the parameters of the accommodation. This does not mean a student may miss class whenever they like.

If a student finds that he or she is not doing well in the class due to extended absences, the student is urged to consider options such as dropping the class, withdrawing from the class or taking an incomplete.

Testing and Exam Proctor Forms

Students with testing accommodations that will be testing with the DRC must work with professors at the beginning of each semester to complete an Exam Proctor Form as it provides the test proctor with information that is fundamental to the testing process, such as testing conditions, allotted time for tests, and the way in which tests are received at the DRC and delivered back to the professor.

In cases where professors do not have their test dates finalized by the first week of class, an Exam Proctor Form must still be completed and submitted. Changes or additional exam dates must be provided by the professor to the DRC throughout the semester as long as it is provided a minimum of **one week before** the scheduled exam date. For more information or to view our forms, please visit drc.fiu.edu.

Training

The DRC offers a variety of trainings and workshops throughout the semester covering a range of topics including Service and Emotional Support Animals on campus, Disability Sensitivity, Universal Design, and even an interactive Breaking Barriers Escape Room. Trainings can be scheduled for small groups or one-on-one through drc.fiu.edu. Also, you can visit our website to view any pre-recorded online training on your own time. The Office of Inclusion, Diversity, Equity & Access (IDEA) also works closely with the DRC on best practices and compliance to ADA accommodations for students with disabilities at FIU.
