Mission Statement

The Chapman Graduate School in the College of Business exists to create enduring educational value for our students, for our alumni, and for the business, professional, and academic communities we serve.

For our students—whom we prepare to succeed in a rapidly changing, technology-driven global business environment;

For our alumni—to whom we provide opportunities for continuing professional development and a legacy that appreciates as our excellence grows;

For the business and professional communities—to whom we offer knowledgeable graduates, educational programs, research, and collaborative projects;

For the academic community—to whom we bring new knowledge through high-quality research and the development of future scholars.

The Alvah H. Chapman Jr., Graduate Business School is a school distinguished among urban public business schools as a center for global business education, technology, and research. Our most noteworthy teaching and research expertise lies in the business arenas linking South Florida, Latin America, and the world economy.

The College itself offers undergraduate, graduate, professional education, customized training, and executive education programs to enterprises around the world. While

continuing to meet the needs of students in the South Florida community, we are intensifying our educational service delivery to international students and enterprises, especially those in Latin America.

In all of our programs, we strive to instill in students a profound understanding of the changing nature of international business in an integrated and digital global economy. We ensure they are well versed in the impact information technology is having on how enterprises are organized and managed and on how products and services are created and marketed. We provide them with a solid grasp of business processes, the ability to think critically and to solve problems ethically, and the sense to conduct themselves with integrity and within the context of social and environmental responsibility. We foster their commitment to life-long learning in a dynamic, complex, and competitive world.

Our faculty engage in basic and applied research and in instructional development to contribute not only to the general knowledge base in the field of business but also to the ways in which this knowledge is created and shared. The College boasts a state-of-the-art information technology infrastructure that enables us to provide leading edge instruction and research, including online course delivery. At the same time, our IT investment supports our ongoing curricular innovation in related fields like enterprise-wide computing and logistics.

Organization

The College is organized into the Alvah H. Chapman, Jr., Graduate School of Business, the School of Accounting, the Tibor and Sheila Hollo School of Real Estate, and the Departments of Finance, Global Leadership and Management, Information Systems and Business Analytics, International Business, as well as Marketing and Logistics.

The College also houses several centers of excellence dedicated to teaching, research, and service. These include the Jerome Bain Real Estate Institute, the Ryder Center for Supply Chain Systems, the Knight Ridder Center for Excellence in Management, the Office of Professional Education, the Office of Executive and Professional Education, and the Global Center for Entrepreneurship and Innovation.

Graduate Programs

The Chapman Graduate School offers a Doctor of Philosophy (Ph.D.) in Business Administration, and a Doctorate in Business Administration (D.B.A.) as a track under the Ph.D. program, Master of Business Administration (MBA), Master of Business Administration in Business Analytics, Master of International Business (MIB), Master of Accounting (MACC), Master of Science in Finance (MSF), Master of Science in International Real Estate (MSIRE), Master of Science in Information Systems (MSIS), Master of Science in Health Informatics and Analytics (MSHIA), Master of Science in Human Resource Management (MSHRM), and Master of Science in Marketing (MSM). In addition, the school offers programs leading to a Certificate in Healthcare Management, Certificate in Business Analytics, Graduate Certificate in Advanced Business Analytics, Graduate Certificate in Cybersecurity Management and a Certificate in Health Informatics and Analytics.

Ph.D. Program

The Chapman School offers a Ph.D. in Business Administration. The objective of this degree program is to prepare students for a career in academia by building their understanding of the substantive domains and literature within their selected areas of concentration. It provides them with the methodological and analytical tools required for executing research and creating knowledge. It develops their skills in formulating, conducting, and communicating quality research. In the process, it also fosters their ability to teach effectively.

The Ph.D. program typically requires a minimum of four years of full-time study. The first two years involve coursework and summer projects. The remaining two years focus on completion of a dissertation. Students will take a minimum of 16 courses (with a minimum of six courses in their chosen area of concentration). Students also will complete summer research projects under faculty supervision.

Areas of Concentration

Accounting, Management Information Systems, Marketing, Finance, and Management, which includes the sub-areas:

- Strategic Management
- Entrepreneurship
- International Business and International Management
- Human Resource Management
- Organizational Behavior
- Hospitality Management

Ph.D. Admission Requirements

All qualified students are encouraged to apply to the program, regardless of their sex, age, race, color, creed, handicap, marital status, or national or ethnic origin. Applications are accepted from prospective students with a broad variety of educational backgrounds, including areas like business, liberal arts, and the sciences. Those students selected for the Ph.D. program must demonstrate strong evidence of ability, scholarly interest, and success.

Applicants should submit the following:

1. A completed application form and processing fee.
2. Three letters of recommendation.
3. Official transcripts from all institutions in which the applicant has completed any undergraduate and graduate course work.
4. All applicants are required to have taken either the GMAT or GRE within five years of their application. A GMAT score (or its GRE equivalent) of 600 or higher and a 3.0 GPA or better in post-secondary education is desired, although some applicants falling short of these desired scores and grades have been accepted into our program. Those with GMAT score below 500 or its GRE equivalent score will NOT be considered for admission. For more information about how to convert a GRE score into its GMAT equivalent, go to: <http://www.ets.org/gre/comparison>.
5. A formal statement of purpose for seeking the doctoral degree and specific reasons for applying to Florida International University.
6. A curriculum vitae.
7. International graduate student applicants whose native language is not English are required to submit a score for the Test of English as a Foreign Language

(TOEFL) or for the International English Language Testing System (IELTS). A total score of 80 on the iBT TOEFL or 6.5 overall on the IELTS is required. Such applicants also should review the "General Admission Requirements for Foreign Students" in the "Admission" section of this catalog.

The College admits a new class of doctoral students every year during the Fall semester.

Complete applications must be received by January 15. Acceptance decisions for fall admission are typically made not later than March.

Applicants are considered once all the required documents have been received.

Degree Requirements

General degree requirements for all candidates for a Ph.D. in Business Administration include:

1. Successful completion of all required coursework.
2. Successful completion of a comprehensive examination at the end of this coursework.
3. Successful completion of a doctoral dissertation.

Financial Aid

Applicants to the doctoral program may request financial aid by completing the appropriate form. Stipends requiring a mixture of research and teaching are also available. These stipends may include both a cash award and a tuition waiver, depending upon the applicant's qualifications. If you wish to apply for a stipend include this request with your application documents.

Note: The programs, policies, requirements, and regulations listed in this catalog are subject to continual review in order to meet the needs of the University's various publics and to respond to the mandates of the State Board of Education and the Florida Legislature. Changes may be made without advance notice. Please refer to the "General Information" section of this catalog for the University's policies, requirements, and regulations.

Doctorate in Business Administration Track

The Chapman School offers a Doctorate in Business Administration (DBA). This program is offered as a track under the Ph.D. program and is designed for working senior-level professionals who desire to achieve a doctoral degree in business while continuing their work responsibilities and careers. The DBA will prepare students with the advanced knowledge necessary to manage complex organizational environments and solve real-world problems via the conduct of applied research in all areas of business. It provides them with the methodological and analytical tools required for executing applied research as well as the skills in formulating and communicating quality applied research.

The FIU DBA program of study is a 72 hour, three-year curriculum that focuses on every aspect of applied business research including strategic planning, organizational behavior, human resource management, financial management, innovation and entrepreneurship, and quantitative research. The program is taught using a cohort-based approach and a combination of online and

on-campus instruction. A total of 27 residencies are required over the three-year program. The students will take 21 courses and will be required to complete a dissertation project in their third year under faculty supervision. Three credits from a student's previous master's degree will be initially transferred to the DBA so that a total of 75 post-baccalaureate credits will be posted on the transcript upon program completion.

DBA Track Admission Requirements

All qualified students are encouraged to apply to the program, regardless of their sex, age, race, color, creed, handicap, marital status, or national or ethnic origin. Applications are accepted from prospective students with a broad variety of educational backgrounds, including areas like business, liberal arts, and the sciences. Successful applicants must have a minimum of 10 years of work experience with a minimum of seven years of which must have been in a documented managerial role (managing people, budgets, projects), and a Master's degree from an accredited college or university. Those students selected for the DBA program must demonstrate strong evidence of ability, scholarly interest, and success.

Applicants should submit the following:

1. A completed application form and processing fee.
2. Two letters of recommendation.
3. Official transcripts from all institutions in which the applicant has completed any undergraduate and graduate course work.
4. A formal statement of purpose for seeking the DBA degree and specific reasons for applying to Florida International University.
5. A resume detailing chronological professional experience and dates of earned degrees.

The College admits a new class of DBA students every year during the Fall semester. Applications for the DBA program are accepted on a rolling basis. Acceptance decisions for fall admission are typically made up through August 1 of each intake year. Applicants are considered once all the required documents have been received.

Master's Degree Programs

The Chapman Graduate School of Business aims to provide a high-quality graduate educational experience rooted in our Miami location and focused on the unique requirements for doing business in a global and interconnected market.

Application Procedures

To apply for admission to graduate study in the Chapman Graduate School, prospective students must:

1. Submit a Graduate Application for Admission to the Admissions Office. The application form can be accessed online at (<https://admissions.fiu.edu/how-to-apply/graduate-applicant/index.html>). The admission process may take as long as two months after the University receives a student's application, depending upon the time involved in obtaining transcripts and test scores. Students are encouraged to apply early.
2. Have a copy of the official transcripts of all previously earned college or university credits sent from the formerly attended institution(s) to the Chapman's Graduate Admissions Office. Copies submitted directly by student applicants will not be accepted.
3. Submit scores, if applicable, on the Graduate Management Admissions Test (GMAT) or Graduate Record Examination (GRE), administered by the Educational Testing Service (ETS), Box 966, Princeton, New Jersey 08540. Scores must be submitted by the ETS. Registration forms will be mailed upon request. Have the ETS submit TOEFL scores as well, if applicable. For additional requirements, consult individual program offices listed below.
4. Applications are normally accessed on a program by program basis and there is some variation in requirements across programs. Applicants should review the requirements for a specific program.
5. The Associate Dean of the Chapman Graduate School of Business, in consultation with and advisement by program academic directors, retains the right to waive an individual Chapman Graduate School of Business admissions requirement for a specific applicant upon petition. This ability does not include waivers for University Graduate School (UGS) requirements such as those for English proficiency.

Transfer Credit

A student may receive permission to transfer up to a maximum of nine semester hours of graduate credit towards a Master of Science degree program or twelve semester hours of credit for a Master of Business Administration degree program, if:

1. The courses were taken at the graduate level at an accredited college or university;
2. The courses were not introductory or survey in nature;
3. The student earned grades of "B" or higher in the courses;
4. The courses are judged by the Department Chair, College Dean, Graduate School Dean, and program manager to be relevant to the student's graduate program;
5. The credits were completed within six years immediately preceding the College's awarding of the degree. Credits are not transferable until the student has earned 15 semester hours in a Chapman School graduate degree program.

Degree Requirements

To be eligible for a Master's degree, a student must:

1. Satisfy all University requirements for a Master's degree;

2. Satisfy required prerequisites;
3. Meet the requirements of his or her graduate "Course of Study." This "Course of Study" is developed by the student and his or her graduate advisor or degree program director following his or her admission to a program and is approved by the appropriate Department Chair, Academic Advisor, or Program Director.
4. Complete the required courses in the specific graduate program in which he/she is enrolled.
5. Earn a minimum average of "B" (3.0) in all approved courses in the student's approved course of graduate study.

No courses in which a graduate student earns a grade below "C" may be counted towards any Master's degree program in the Chapman School. However, all approved undergraduate and graduate course work a graduate student takes will be counted in computing his or her grade point average, including courses in which he or she has earned a "D" or "F" grade. To improve a grade, please refer to the University Forgiveness Policy under General Information.

Faculty have the discretion to administratively drop students who do not attend the first class of a course.

Time Limit

All work applicable to a Master's degree, including transfer credit, must be completed within six years immediately preceding the awarding of the degree.

Study Abroad Programs

Graduate students in the College may earn a maximum of three (3) credit-hours for study abroad programs unless otherwise prescribed by their degree program.

Dual Degree Programs

The Chapman School has developed a series of dual degree programs with universities in Asia, Europe, and Latin America whereby partial credit is given by both institutions for academic work carried out in each respective program. This leads to the possibility of obtaining two Masters degrees, one from each partner institution, in less time and with fewer credits than if the two degree programs were taken sequentially.

Joint Degree Programs

Approval has been obtained for students in one of the Chapman School's Masters programs to qualify for a joint degree program with other Chapman School programs (e.g., MBA and MS in Finance) as well as with other university graduate programs (e.g., Joint MBA-JD program). See below for more information.

Scholarships

The Chapman Graduate School of Business has set aside funds from operations and donations to the School to support a limited program of scholarships destined to cover tuition and fees for our International MBA, Master of International Business, and other value-added Master's degree programs. These scholarships are limited. Priority will be given to students who are admitted to a program and exhibit extraordinary academic merit in addition to financial hardship. For more information, interested students and candidates should contact the respective Program Manager.

Master of Business Administration (MBA)

The College offers several programs leading to the MBA degree. Programs are designed to meet different student needs and are offered in different locations and delivery modes including online, face-to-face, and blended, hybrid modes. The MBA programs are: the Executive MBA, the Professional MBA, the Professional MBA Healthcare Management Track, and the International MBA.

An overview of each of these programs is provided below. For specific degree requirements in each program, please contact the program office or director.

Executive Master of Business Administration (EMBA)

The Executive Master of Business Administration (EMBA) degree program is designed for working business professionals at the director level and above. FIU's Executive MBA delivers unique graduate level experiences that broaden executives' horizons and prepares them for new and expanding responsibilities.

The curriculum includes 4 eight-hour interdisciplinary courses that synthesize concepts and techniques from a variety of business disciplines to address a variety of complex and ambiguous issues senior managers typically face. It is a rigorous hands-on program where we focus on:

- application rather than theory,
- learning by doing rather than lecturing, and
- critical thinking in addition to quantitative analysis.

It is a distinctive program for a select number of qualified students who see their "body-of-work" as unfinished.

Program participants earn their MBA degree without interrupting their careers. Structured so that all requirements can be completed in twenty-two months, the program is offered on Saturdays at the FIU complex at 1101 Brickell in the heart of Miami's financial district. The EMBA program incorporates these unique features:

- An interdisciplinary curriculum specifically designed for executives and strategic decision-making
- Leadership & Innovation Project teams focus curriculum in each semester on application not theory
- Class meetings every other Saturday focus on discussions not lectures
- Small class of 25 +/- of nominated candidates provides opportunity to learn from a diverse and highly select group of peers
- Access to a professional executive coach
- Interact with top notch experienced faculty and international business executives
- International Research that includes a one-week residency abroad
- Professional staff provides logistical support that caters to the needs of participating executives

Admission Requirements

The Executive Master of Business Administration (EMBA) program considers students' work experience, industry knowledge and management skills as strengths in a candidate's qualifying portfolio. Candidate's professional maturity and managerial experience are highly considered in the admission selection process because the EMBA

program at FIU fosters students' ability to contribute real-world experiences to add value to overall student learning in this competitive degree program.

To be eligible for admission to the EMBA program in the Chapman Graduate School of Business, applicants must meet the following qualifications:

1. Hold a bachelor degree or equivalent from either a U.S. accredited college or university or the equivalent degree from institutions outside the U.S. in addition to being in good standing with all previously attended colleges and universities; and
2. Have eight years of demonstrated professional full time work experience, with five of those in management.

Additional Requirements:

1. Resume describing current and past responsibilities, leadership and management experience highlights and, if any, demonstrated accomplishments in the application of quantitative and analytical skills;
2. Statement of purpose (short essay) describing how the program fits within your personal and career goals. The essay will be evaluated for applicants' effective and succinct writing skills;
3. Two letters of recommendation from employers and/or faculty who can attest to applicants' motivation to succeed in EMBA program at FIU; and
4. International graduate student applicants whose studies were completed outside of the U.S. must demonstrate proficiency of the English language by presenting a minimum score of 80 on the iBT TOEFL (equivalent to 550 on the paper-based version or 213 on the computer based version of the test of English as a Foreign Language) or 6.5 overall on the International English Language Testing System (IETLS).

Applicants are encouraged to provide any additional documentation to strengthen their application portfolio. Examples of documentation include: Master's degree in any discipline other than an MBA, law degree, professional certifications (i.e. CPA, CFA, SHRM, etc.), GMAT or GRE scores, specialized leadership experience or training documentation that the applicant is part of a "fast track" or "high potential" management group at their organization, or any other similar evidence.

Candidates with diverse backgrounds are encouraged to apply. While all applications will be evaluated based on a full review of the application portfolio, we desire students with an undergraduate upper division grade point average (GPA) of 3.0.

An interview, by invitation only, may be required prior to the final selection.

Admissions at the graduate level are competitive and meeting minimum requirements does not guarantee admission.

For additional information about this value-added program, call the EMBA office at (305) 779-7896 or email emba@fiu.edu.

Degree Requirements

In order to complete the EMBA, students must successfully complete:

- 1-week residency at beginning of program, international week residency in the middle of the program, and 1 week residency at end of program,

- 4 eight-credit-hour interdisciplinary courses,
- 4 one-credit-hour leadership courses,
- 3 three-credit-hour experiential courses (International research, Innovation Projects, Corporate Simulation),

Flexible Master of Business Administration (Flex-MBA)

Designed for working professionals, the Flex MBA program offers a fast-paced, intense program in which you can network with your peers and learn from each other in a dynamic environment. Core competencies include problem solving on a local and global level; building teamwork and collaboration; analyzing balance sheets and budgeting; and identifying ethical problems.

Admission Requirements

The Flex Master of Business Administration (Flex-MBA) program considers students' work experience, industry knowledge, management skills and undergraduate education as strengths in candidate's qualifying portfolio. Candidate's professional maturity, and managerial experience are highly considered in the admission selection process because the Flex-MBA program at FIU fosters students' ability to contribute real-world experiences to add value to the overall student learning in this competitive degree program.

To be eligible for admission to the Flex-MBA program in the Chapman Graduate School of Business, applicants must:

1. Hold a bachelor degree or equivalent from either a U.S. accredited college or university or the equivalent degree from institutions outside the U.S.; Students coming from programs where the primary degree is at the master level or higher will meet this requirement.
2. Show high promise of success in graduate studies as determined by the faculty based upon academic performance, work experience or a combination of academic and work experience.
3. Evidence a minimum score of 500 on the Graduate Management Admission Test (GMAT) or similar Graduate Record Exam (GRE) score. A GMAT waiver at the discretion of the academic director is available for:
 - a. Applicants with two years of demonstrative work experience and success in completing other academic programs;

- b. Applicants who have an undergraduate business or related degree (economics, hospitality management, etc.) with an upper division grade point average (GPA) of 3.25, or higher;
- c. Applicants without a business or related degree having an upper division grade GPA of 3.35, or higher;
- d. If the applicant has already completed a graduate degree from an accredited university with a minimum grade point average (GPA) of 3.0, or is entering a business master's program under a special agreement for admissions with specific foreign and domestic universities;

4. Should, in general, have a minimum upper division grade point average (GPA) of 3.0. An applicant with substantial work experience and industry/work related recommendations will be evaluated based on academic qualifications, work experience, and performance;
5. Provide a resume describing current and past responsibilities, leadership and management experience highlights and, if any, demonstrated accomplishments in the application of quantitative and analytical skills;
6. Provide a statement of purpose (short essay) describing how the program fits within your personal and career goals. The essay will be evaluated for applicants' effective and succinct writing skills;
7. When the applicant's studies were completed in non-English speaking countries, demonstrate proficiency of the English language by presenting a minimum score of 80 on the iBT TOEFL (equivalent to 550 on the paper-based version or 213 on the computer based version of the test of English as a Foreign Language) or 6.5 overall on the International English Language Testing System (IETLS) or other university level English proficiency standards as they are approved;

Applicants are encouraged to provide any additional documentation to strengthen their application portfolio. Examples of documentation include: master degree in any discipline other than an MBA, law degree, professional certifications (i.e. CPA, CFA, SHRM, etc.), GMAT or GRE scores, specialized leadership experience or training documentation that the applicant is part of a "fast track" or "high potential" management group at their organization, or any other similar evidence including letters of reference and recommendations.

Admissions at the graduate level are competitive and meeting minimum requirements does not guarantee admission.

For additional information about this value-added program, call the Flex-MBA office at (305) 779-7897 or email pmba@fiu.edu.

These programs are described in the respective departmental pages of this catalog or at: <http://business.fiu.edu>.

Master of Accounting/Master of Business Administration Joint Degree Pathway

The School of Accounting and the IMBA program in the Alvah H. Chapman Jr. Graduate School of Business at Florida International University offer a joint degree pathway culminating in both a Master of Accounting (MACC) and a Master of Business Administration. Under the joint degree pathway, a student can obtain both degrees in significantly less time than it would take to obtain both degrees if pursued consecutively. The joint degree pathway will use existing faculty, courses, and resources. Important criteria relating to the joint degree program are as follows:

1. Candidates to the joint degree pathway must meet the entrance requirements established by each individual program. Candidates must indicate on the application their intention to pursue the joint degree pathway.
2. Applications for a joint degree will not be accepted from candidates who have already completed either degree.
3. Domestic undergraduate non-accounting degree holders; and international degree holders, regardless

of major, will take the following courses, for a saving of 15 credits:

- 34 credits at the 6000-level from the IMBA
 - 15 credits at the 5000-level from the MACC
 - 30 credits at the 6000-level from the MACC
4. Domestic undergraduate accounting degree holders from AACSB accredited universities, may petition to waive the 5000-level MACC courses, for a saving of an additional 15 credits.
 5. All courses transferred between degrees must be completed with a grade point average of 3.0 or higher. Directors of the MACC and MBA degree programs may adjust these exact course requirements as a result of future changes to the MACC or MBA curriculums.
 6. Joint degree candidates will not receive either degree until all requirements for both programs have been satisfied. Students deciding against completing a second degree must satisfy all first degree program requirements as if the student had never been a joint degree pathway candidate.

Master of Business Administration/ Master of Arts in Latin American and Caribbean Studies Joint Degree Pathway

The Alvah H. Chapman Jr. Graduate School of Business and the Latin American and Caribbean Center at Florida International University have approved a joint degree pathway culminating in both a Master of Business Administration degree (MBA), awarded by the College of Business, and a Master of Arts in Latin American and Caribbean Studies degree (MALACS), administered by the Latin American and Caribbean Center (LACC) for the College of Arts and Sciences. Under the joint degree pathway, a student can obtain both degrees in significantly less time than it would take to obtain both degrees if pursued consecutively. Essential criteria relating to the joint degree pathway are as follows:

1. Candidates to the joint degree pathway must meet the entrance requirements established by each individual program.
2. Applications for a joint degree will not be accepted from candidates who have already completed either degree. Business Administration students must apply and be admitted by no later than the semester in which they are expected to complete 18 pre-core and core credit hours in the MBA program. MALACS students must apply and be admitted by no later than the semester in which they are expected to complete 18 credit hours in that program.
3. Candidates must satisfy all requirements for each degree. Twelve (12) credit hours from the MBA curriculum pre-core and core requirements may count toward the MALACS degree to satisfy MALACS concentration requirements. Nine (9) credit hours from the MALACS course offerings may be applied to satisfy MBA elective requirements. All courses transferred between degrees must be completed with a grade point average of 3.0 or higher. MALACS courses transferred to meet MBA elective credit must be 6000 or 7000 level courses approved by the University Curriculum Committee and be from the approved MALACS course list in the social science disciplines of anthropology, economics, environmental

studies, history, international relations, Latin American and Caribbean Studies (interdisciplinary), political science, or sociology. The Dean of the Chapman Graduate School of Business (or his/her delegate) has final authority on the approval of which courses may be transferred to meet MBA elective requirements.

4. Based on existing MBA and MALACS curriculums, specifics on the transfer of credits include the following. Participants in the joint degree pathway will obtain a MALACS concentration in International Business. Four MBA pre-core or core courses (12 credits) may be transferred to meet the student's MALACS concentration requirements. Students who have not taken MAN 6910 Research Methods in Management as an MBA elective course will be required to take a MALACS-approved social science research methods course as one of their first MALACS courses. With the 12 credit transfer from the MBA program, to obtain the MALACS degree, the student will be required to take the MALACS gateway interdisciplinary course LAS 6003 Survey of Latin America and the Caribbean (3 credits), the MALACS required data analysis course LAS 6930 Latin American and Caribbean Data Analysis (3 credits), one additional course in the MALACS concentration of International Business (the social science research methods course may meet this requirement) (3 credits), three additional courses in at least two MALACS concentrations other than International Business (9 credits), and a MALACS graduation exit option (6 credits), for a total of 24 MALACS credits. Candidates for the MALACS degree must also meet MALACS language proficiency requirements. With the 9 credit transfer from the MALACS program, to obtain the MBA degree, the student will be required to take all MBA pre-core, core, and professional development seminar courses, plus one MBA elective, for a total of 46 MBA credits. Directors of the MBA and MALACS degree programs may adjust the exact course numbers and titles required for degree completion as a result of future changes to the MBA or MALACS curriculums.
5. If the joint degree candidate chooses the thesis exit option for the MALACS degree, the thesis must address a Latin American or Caribbean business or management issue. The thesis committee must be chaired by a College of Arts and Sciences faculty member. Furthermore, the thesis committee must have at least one member from both the College of Business and College of Arts and Sciences. Thesis committee co-chairs with faculty members from both colleges are recommended. Candidates selecting a MALACS exit option other than the thesis must follow the procedures established by the MALACS program. MALACS will establish the necessary thesis, internship, independent study, or directed research course numbers to allow Graduate School of Business faculty to participate in MALACS exit options for joint degree students.
6. Candidates accepted to the joint degree pathway may begin their studies in either program first. All candidates must register for classes during the regular registration period for the respective program. Additionally, joint degree pathway students must register for a course or courses in their second

degree no later than the semester commencing the second half of their first degree program.

7. Joint degree candidates will not receive either degree until all requirements for both programs have been satisfied. Students deciding against completing a second degree must satisfy all first degree program requirements as if the student had never been a joint degree candidate. Subject to prior approval, graduate students are normally allowed six (6) credit hours from graduate level courses offered by other units of the University as counting toward single degrees.
8. Candidates in the joint degree pathway will be eligible for the graduate teaching assistantships, graduate research assistantships, and scholarships in the Chapman Graduate School of Business and LACC on the same basis as other graduate students, subject to the guidelines and restrictions set by either program.
9. Future changes to the joint MBA/MALACS degree pathway must be endorsed by the College of Business Faculty Curriculum Committee and Associate Dean of the Chapman Graduate School of Business; the College of Arts and Sciences Faculty Curriculum Committee and Dean of the College of Arts and Sciences; and approved by the University Curriculum Committee, Graduate Council, the Faculty Senate, Dean of the University Graduate School, and the Provost.

For additional information, contact the Evening MBA office at (305) 348-3256 or the Latin American and Caribbean Center (LACC) at (305) 348-2894.

Master of Business Administration/Juris Doctor Joint Degree Pathway

Under the joint degree pathway, a student can obtain both degrees in significantly less time than it would take to obtain both degrees if pursued consecutively. Essential criteria relating to the joint degree pathway are as follows:

1. Candidates for the pathway must meet the entrance requirements for and be accepted by both Colleges. The college of Business may accept LSAT scores in lieu of GMAT or GRE scores for candidates from the College of Law as part of the admission requirement in the MBA. Both Colleges must be informed by the student at the time of application to the second program that the student intends to pursue the joint degree.
2. The joint degree pathway is not open to students who have already earned one degree.
3. For law students, enrollment in the MBA program is required no later than the completion of 63 credit hours in the JD program. For MBA students, enrollment in the JD program is required no later than the third semester after beginning the MBA program. For purposes of this paragraph, a summer session is counted as half a semester.
4. A student must satisfy the curriculum requirements for each degree before either degree is awarded. The College of Business will allow 12 credit hours of upper level business and commercial law courses to be credited toward both the M.B.A. and J.D. degrees. These 12 credit hours of law classes will be in lieu of the Legal Environment of Business course (3 credit hours) and three of the elective courses (totaling 9 credit hours) required for the M.B.A. degree. A

student may obtain a concentration in the M.B.A. program in accordance with the College of Business curriculum requirements for concentrations. Reciprocally, law students may receive 9 hours of credit toward the satisfaction of the J.D. degree for courses taken in the M.B.A. curriculum upon completion of the M.B.A. degree curriculum with a grade point average of 3.0 or higher.

5. A student enrolled in the joint degree pathway may begin the student's studies in either College, but full-time law students must take the first two semesters of law study consecutively and part-time law students must take the first three semesters of law study consecutively. Students admitted to one College but electing to begin study in the other College under the joint degree pathway may enter the second College thereafter without once again qualifying for admission so long as they have notified the second College before the end of the first week of the first semester in the second College and are in good academic standing when studies commence in the second College.
6. A student enrolled in the joint degree pathway will not receive either degree until the student has satisfied all of the requirements for both degrees, or until the student has satisfied the requirements of one of the degrees as if the student had not been a joint degree pathway candidate.
7. Students in the joint degree pathway will be eligible for the graduate teaching assistantships and research assistantships in the College of Business on the same basis as other MBA students, subject to the guidelines and restrictions set by the College of Business.

For additional information, contact the Chapman Graduate School of Business at (305) 348-0148 or the Law School Admissions Office at (305) 348-8006.

Master of International Business/Master of Business Administration Joint Degree Pathway

The MIB and MBA programs in the Alvah H. Chapman Jr. Graduate School of Business at Florida International University offer a joint degree pathway culminating in both a Master of Business Administration degree (MBA), and a Master of International Business (MIB). Under the joint degree pathway, a student can obtain both degrees in significantly less time than it would take to obtain both degrees if pursued consecutively. The joint degree pathway will use existing faculty, courses, and resources. Important criteria relating to the joint degree pathway are as follows:

1. Candidates to the joint degree pathway must meet the entrance requirements established by each individual program. Candidates must indicate on the application their intention to pursue the joint degree option. Candidates deciding to pursue the joint degree option after having been admitted to one program will indicate this intention only on their second application.
2. Applications for a joint degree pathway will not be accepted from candidates who have already completed either degree. MBA or MIB students must apply and be admitted no later than the second to last

semester in which they are expected to complete their original degree requirements.

3. Candidates must satisfy all requirements for each degree. The two degrees will have four common courses. All courses transferred between degrees must be completed with a grade point average of 3.0 or higher. MIB courses transferred to meet MBA elective credit and vice versa must be 6000 level courses approved by the University Curriculum Committee. Directors of the MBA and MIB degree programs may adjust these exact course requirements as a result of future changes to the MBA or MIB curriculums.

Master of Science in Finance/Master of Business Administration Joint Degree Pathway

The Department of Finance and the MBA program in the Alvah H. Chapman Jr. Graduate School of Business at Florida International University have a joint degree pathway culminating in both a Master of Business Administration degree (MBA), and a Master of Science in Finance degree (Fast Track-MSF). Under the joint degree pathway, a student can obtain both degrees in significantly less time than it would take to obtain both degrees if pursued consecutively. The joint degree pathway uses existing faculty, courses, and resources. Important criteria relating to the joint degree pathway are as follows:

1. Candidates to the joint degree pathway must meet the entrance requirements established by each individual program. Candidates must indicate on the application their intention to pursue the joint degree option. Candidates deciding to pursue the joint degree option after having been admitted to one program will indicate this intention only on their second application.
2. Applications for a joint degree pathway will not be accepted from candidates who have already completed either degree. MBA or Fast Track-MSF students must apply and be admitted by no later than the second to last semester in which they are expected to complete their original degree requirements.
3. Candidates must satisfy all requirements for each degree. The two degrees will have four-five common courses. Courses transferred between degrees must be completed with a grade point average of 3.0 or higher. MSF courses transferred to meet MBA elective credit must be 6000 level courses approved by the University Curriculum Committee. Directors of the MBA and MSF degree programs may adjust these exact course requirements as a result of future changes to the MBA or MSF curriculums.

Master of Science in International Real Estate/Master of Business Administration Joint Degree Pathway

The Department of Finance and the Master of Business Administration program in the Alvah H. Chapman, Jr. Graduate School of Business at Florida International University have a joint degree pathway culminating in both a Master of Business Administration degree (MBA), and a Master of Science in International Real Estate degree

(MSIRE). Under the joint degree program pathway, a student can obtain both degrees in less time than it would take to obtain both degrees if pursued consecutively. The joint degree pathway will use existing faculty, courses, and resources. Important criteria relating to the joint degree pathway are as follows:

1. Candidates to the joint degree pathway must meet the entrance requirements established by each individual program.
2. Applications for a joint degree pathway will not be accepted from candidates who have already completed either degree. MBA or MSIRE students must apply and be admitted prior to or concurrent with the last semester in which they are expected to complete their original degree requirements.
3. Candidates must satisfy all requirements for each degree. To obtain the MSIRE degree, the student will be required to take ten (10) finance courses totaling 30 hours as required by the program. This includes two finance courses, FIN 6428 Corporate Finance and FIN 6644 Global Financial Strategy, included in the MBA (and required by all the individual MBA programs) which are also required by the MSIRE Program, plus five real estate core courses in the MSIRE Program, plus two real estate (REE prefix) electives and an additional graduate course approved by the Program Director.
4. To obtain the MBA degree, the student will have to fulfill all the MBA program requirements for the specific MBA program in which they are also enrolled including the three 3-credit hour prerequisites, ten 3 credit core courses, four 1-credit seminars, and four 3-credit hour electives, for a total of 55 credit hours. Two finance courses are specifically required by both programs. In addition, two of the real estate (REE prefix) courses in the MSIRE may be considered as partially satisfying the elective requirements of the MBA program. The two degrees will have 4 common courses.
5. All courses transferred between degrees must be completed with a grade point average of 3.0 or higher. MSIRE courses transferred to meet MBA elective credit must be 6000 level courses. Directors of the MBA and MSIRE degree programs may adjust these exact course requirements as a result of future changes to the MBA or MSIRE curriculums.
6. Joint degree pathway candidates will not receive either degree until all requirements for both programs have been satisfied. Students deciding against completing a second degree must satisfy all first degree program requirements as if the student had never been a joint degree pathway candidate.
7. With the joint degree pathway students will take a total of 73 credit hours to get both degrees. Without the joint degree pathway students would need to take 85 credit hours to earn both degrees. A maximum of 12 credit hours or four courses will be double counted for both degree programs. This means that a MBA student will be required to take a minimum of six courses or 18 additional credit hours above the requirements for the MBA Program to earn both degrees. Similarly, a student of the MSIRE must satisfy an additional 43 credit hours in order to earn both degrees.

Notes:

¹ Requirements for the Corporate MBA depend on track chosen. If a candidate has elected the option of a specialization, the requirements and shared/common courses for the Flex MBA will be used. Otherwise, the requirements and shared/common courses for the PMBA will be used.

² The Executive MBA and Professional MBA in Healthcare Management programs are not included as an option for the joint degree pathway.

Joint degree pathway candidates will not receive either degree until all requirements for both programs have been satisfied. Students deciding against completing a second degree must satisfy all degree requirements for the first program as if the student had never been a joint degree pathway candidate.

For additional information, contact the MBA office at (305) 348-0148 or the Master of Science in Human Resource Management office at (305) 348-5945.

Master of Business Administration/ Doctorate of Medicine (MD) Joint Degree Pathway

The Herbert Wertheim College of Medicine (HWCOC) and the MBA in Healthcare Management program in the Alvah H. Chapman Jr. Graduate School of Business at Florida International University have a joint degree pathway culminating in both a Doctorate of Medicine (MD) and a Master of Business Administration degree (MBA). Under the joint degree pathway, a student can obtain both degrees in significantly less time than it would take to obtain both degrees if pursued consecutively. The joint degree pathway will use existing faculty, courses, and resources. Important criteria relating to the joint degree pathway are as follows:

1. HWCOC Medical students in their third year of medical study may apply to the MBA program. Each college (College of Medicine and College of Business) will independently review and admit applicants to their programs. Only students admitted to both programs will enroll in classes in the joint program.
2. Joint degree pathway students will complete the first three years of coursework in the College of Medicine. Then, beginning in the fourth year, students in the joint pathway will interrupt their medical studies and begin classes for the MBA program. Classes in the MBA program will be taken during fall and spring semesters of the fourth year. During this time, students will complete 33 hours of course work in the MBA program. Nine credits taken in the medical school will count toward the 42 credits required for the MBA degree. At the beginning of the fifth year, students will recommence taking courses in the medical program. Students will graduate with both degrees at the end of the 5 years.
3. Students will be expected to complete a minimum of 42 credits for the MBA and 189 credits as well as all requirements for the MD degree. Thirty- three of those credits will be taken in the College of Business, with nine HWCOC credits being accepted toward the MBA degree. There is no change in course requirements for the MD degree.
4. Students will apply for the combined MD/MBA pathway in the following manner: Medical students in the summer or fall of their third year (prior to November first) must be in good academic standing and must get approval from the Medical Student Evaluation and Promotions Committee (MSEPC), the Office of Student Affairs (OSA), and the Office of Academic Affairs (OAA), in order to apply for admission to the MBA program. Applications will be reviewed by the MBA program admission committee. Applicants to the joint MD/MBA pathway will not be required to submit standardized test scores; they must have a minimum GPA of 3.0. However, they are required to have completed two years of experience, which includes volunteering, any internships or clerkships, and any full or part-time employment. All medical students interested in this program should already have at least two years of experience to satisfy this requirement.
5. Students begin taking classes in business in the fourth year. The entire fourth year is devoted to classes in the MBA program. The fall semester consists of five courses divided into two quarters. Three of the courses are face to face, and two courses are online. The spring semester consists of six courses, divided into two quarters. Four courses are face to face and two courses are online. There is also a requirement for program residencies (face to face/online) in August and March.

The curriculum in the MD/MBA pathway follows a prescribed course of study shown below. Structure of new joint MD/MBA degree. The proposed schedule is as follows. (HWCOC does not have semesters. Therefore, we have used Period designations.)

First Year Period 1 (M1) August to end of March:
College of Medicine curriculum
Second Year Period 2 (M2) April to end of March:
College of Medicine curriculum

Third Year Period 3 (M3) April to end of March:
College of Medicine: all required clerkships
Fourth Year Period 4 (M4) April through July only:
medical students start M4 electives, selectives or subinternship Students take USMLE Step I May or June

Medical students must be counseled as to when to take USMLE Step I and USMLE Step 2 CK and CS, and which electives, selective or subinternship to engage in prior to taking a leave to pursue the MBA.
The remainder of Period 4 (M4) then consists of MBA courses. That is, from August through end of April.

Fifth year- Spring semester of the MBA program ends the end of April. Medical students take the remainder of M4 period in the medical school (May through April).

The MBA residency #3 (online) could be taken during the first quarter of Spring term. Therefore, this will allow for the student to have additional time for the M4 year. The Lean Six Sigma Green Belt case offered in May, (listed below) would be optional for the MD/MBA pathway students.

Medical students will be counseled as to which electives, selectives or subinternship to take prior to applying for residency in September of this fifth year.
