The Global Leadership and Management Department includes an internationally-oriented and dedicated faculty with expertise in global management, leadership, human resource management, and organizational behavior.

Our curriculum is designed to prepare students for successful management careers in the global business arena and in a variety of organizations. Our graduates are armed with an understanding of the management discipline, a broad intellectual framework for managing in an evolving marketplace, and the ability to lead and work in today's global organizations.

Master of Science in Human Resource Management

Admission Requirements

To be eligible for admission to the MSHRM program, applicants must demonstrate academic and professional preparedness. Admissions are based on a portfolio approach:

- GPA in upper divisions course work (3.0 preferred)
- Resume outlining professional experience*
- GMAT or GRE**
- Statement of Purpose
- Two letters of recommendation

Interviews may be conducted upon submission of complete portfolio

*Five years of professional full-time work experience of which three years are in human resources is preferred. If no work experience, a graduate degree from an accredited university with a 3.0 GPA may be considered

**GMAT/GRE may be waived for applicants with strong academic credentials.

Graduate student applicants whose studies were completed in a non-English speaking country must demonstrate proficiency in English by presenting a minimum score of 80 on the iBT TOEFL (equivalent to 550 on paper-based version) or 6.5 overall of the International English Language Testing System (IELTS).

The Master of Science in Human Resource Management is designed for professionals and executives in the field of human resource management, as well as for college graduates interested in a career in the field. The MSHRM is a lock-step program designed to be completed in 12 months. A part-time 24-month option is also available. Students can choose from two delivery formats, online or on campus with classes meeting only on Saturdays. The students will also have extensive interaction with an Advisory Board, which is made up of leading HR professionals from the South Florida area.

To complete the program successfully, students must maintain a "B" average (3.0 GPA). For further information, please contact the program manager at (305) 348-8433, or visit our web site at <http://mshrm.fiu.edu>.

Doctoral Studies Program

The Doctoral Studies Program in Business Administration is a selective one leading to the Ph.D. degree. The program emphasizes the development of research and teaching skills to ensure the graduates acquire the credentials necessary for placement in leading institutions.

Each doctoral student's program of study is individually tailored to mesh faculty and student interests and to maintain a high level of interaction between the students and faculty.

The program generally requires three to four years of full-time study, including approximately one to one-and-

one-half years of dissertation research. A set of core, or "tool area" business courses, geared toward establishing the student's breadth of knowledge, is required of all doctoral candidates during the first year of study. The second year of coursework focuses on a particular area of concentration to develop the student's depth knowledge in a specific discipline. The Department of Global Leadership and Management and the Department of International Business jointly offer a Ph.D. concentration in Management. Students may focus their studies on Strategic Management, Entrepreneurship, International Business and International Management, Human Resource Management, Organizational Behavior, and Hospitality Management.

The Ph.D. program is a 75-credit program.

Master of Science in Human Resource Management/Master of Business Administration Joint Degree Pathway

The Department of Global Leadership and Management and the MBA program in the Alvah H. Chapman Jr. Graduate School of Business at Florida International University have a joint degree program culminating in both a Master of Business Administration degree (MBA), and a Master of Science in Human Resource Management (MSHRM). Under the joint degree program, a student can obtain both degrees in less time than it would take to obtain both degrees if pursued consecutively. The joint degree program will use existing faculty, courses, and resources. Important criteria relating to the joint degree program are as follows:

Candidates to the joint degree pathway must meet the entrance requirements established by each individual program. Candidates must submit applications to both programs and notify each Program Manager of desire to pursue the joint degree. Candidates deciding to pursue the joint degree option after having been admitted to one program, must submit a second application to the other program and notify each Program Manager of desire to pursue the joint degree pathway option

1. Applications for a joint degree pathway will not be accepted from candidates who have already completed either degree. MBA or MSHRM students must apply and be admitted no later than the second to last semester in which they are expected to complete their original degree requirements.
2. Candidates must satisfy all requirements for each degree. The two degrees will have two - four common courses. All courses transferred between degrees must be completed with a grade point average of 3.0 or higher. MSHRM courses transferred to meet MBA elective credit must be 6000 level courses approved by the University Curriculum Committee. Directors of the MBA and MSHRM degree programs may adjust these exact course requirements as a result of future changes to the MBA or MSHRM curriculums.
