- Provide a diverse student body with excellence in accounting education in order to succeed as business professionals and leaders as well as valued members of society;
- Prepare students for advancement in the accounting profession through specialized masters programs that strengthen professional competencies;

Master’s Degree Programs

The School of Accounting offers three graduate degree programs: Master of Accounting (MACC), Master of Science in Taxation (MST), and Executive Master of Science in Taxation (EMST). The programs are designed for students who have completed an undergraduate degree in accounting, or the equivalent, from a regionally accredited college or university. The Director of the School of Accounting will determine the equivalency of students’ undergraduate degrees.

Students whose undergraduate degrees are in majors other than accounting will be required to make up for any business and/or accounting deficiencies. The Director of the School must approve programs of study for students seeking to correct such deficiencies.

All students taking graduate accounting and tax courses must be fully admitted to one of the graduate accounting programs or have written permission from the Director of the School. Registration for all such course work must be made through the appropriate College advisor.

Admission Requirements

To be eligible for admission to a Master’s degree in the School of Accounting in the Chapman Graduate School, students must:

1. Hold a Bachelor’s degree from an accredited college or university;
2. Show high promise of success in graduate studies as determined by the faculty based upon a minimum score of 500 on the Graduate Management Admission Test (GMAT) score or 1000 (combination of verbal and quantitative) on the Graduate Record Exam (GRE). The GMAT requirement will be waived if the student has a
   a. graduate degree;
   b. passed four parts of CPA exam or;
   c. obtained from an AACSB accredited university a GPA of at least 3.25 in their upper-level undergraduate coursework AND a 3.0 GPA in classes equivalent to Intermediate Financial Accounting I (ACG 4101), Financial Accounting II (ACG 4111), Management Accounting (ACG 4341), and Income Tax Accounting (TAX 4001);
3. Have a minimum upper division grade point average (GPA) of 3.0;
4. Graduate student applicants whose studies were completed outside of the US must demonstrate proficiency of the English language by presenting a minimum score of 80 on the iBT TOEFL (equivalent to 550 on the paper-based version) or 6.5 overall on the International English Language Testing System (IETLS);
5. Be in good standing with all previously-attended colleges and universities.

Admissions at the graduate level are competitive and meeting minimum requirements does not guarantee admission.
