PROFESSIONAL MASTER OF SCIENCE IN:
  Construction Management
  Engineering Management
Certificates are offered to students with bachelor’s degrees who wish to obtain advanced education in a particular area of concentration, but do not necessarily want to commit to a master’s degree. Successful completion of a Graduate Certificate is entered on the student’s transcript. Some or all of the courses taken in a Graduate Certificate can often be applied to a master’s degree. In addition to the Graduate Certificates offered through the University Graduate School, non-credit Professional Certificates are offered through University College.
