### Bachelor of Arts in Interdisciplinary Studies

The Interdisciplinary Studies Bachelor of Arts degree recognizes that career satisfaction, mobility, and success requires an entrepreneurial matching of academic learning to new or emerging job categories and is, therefore, designed to help students discover their unique competence and develop a coherent, efficient career-centric program of study, whether as a first-time-in-college, a transfer from another college or university, or an employee seeking career-advancement. Its multi- or interdisciplinary curriculum also ensures that students will have developed the critical analytical skills increasingly required in a globally-competitive employment market.

The 30 hours of upper-division coursework for the B.A. in Interdisciplinary Studies are to be taken within the College of Arts and Sciences and, as appropriate, from other FIU colleges or schools.

The degree may be taken entirely online (online course offerings from participating departments will vary semester-to-semester). It includes, as well, for students admitted into FIU’s Honors College, a 12-credit upper division online curriculum of Interdisciplinary Honors courses (IDH) that will allow Interdisciplinary Studies majors to graduate through the Honors College.

To ensure that student interests, previous academic history, and career plan coincide, two dedicated courses—a 1-credit hour entrance-to-major “Cornerstone” and a graduating-year 2-credit hour “Capstone”–are integrated into the degree requirements. The first helps students select a curriculum focus; the second, a senior-year applied capstone course (a service-learning, internship/experiential learning, or research project), is designed as a gateway from FIU academics to a career-world beyond FIU.

Courses which form part of the statewide articulation between the State University System and the Florida College System will fulfill the Lower Division Common Prerequisites.

### Common Prerequisites

No specific courses required; all students transferring from Florida community colleges are encouraged to complete the Associate in Arts degree.

### Recommended Courses: Arts and Sciences concentration recommended. To qualify for admission to the program, FIU undergraduates must have met all the lower division requirements, completed 60 semester hours, and must be otherwise acceptable into the program.

### Upper Division Program

**Required Courses:** (30 credits)

Ten 3000- or 4000-level courses distributed in the areas below. All courses in the major must be completed with a grade of “C” or better.

With assistance from the Interdisciplinary Studies advisors, students build a concentration relevant to their future career or post-BA educational goals. For students admitted into the Honors College, the B.A. degree requirements for both the Interdisciplinary Studies B.A. and Honors College upper-division curriculum may be satisfied by taking twelve credits of Interdisciplinary Honors (IDH) courses appropriate to the categories below.

Some courses require prerequisites and labs. When required, lab courses will give credit in the remaining 30 hours elective category. As appropriate, Global Learning courses may count towards meeting the major requirements within the tracks below.

All courses must be completed with a grade of “C” or better.

For a full listing of applicable specific courses within the categories and department fields below, consult the Interdisciplinary Studies program advising sheets.

#### Human Aspirations around the World

6 hours  
Courses in Literature, Philosophy, Religion, History, Art History, Art, Performing Arts (Theater and Music) or for Honors College students IDH 3034/4007

Courses in Chemistry, Biology, Earth and Environment, Engineering, Computer Science, Biomedical Engineering, or for Honors College students IDH 3034/4007

#### Writing and Communication in and across the Disciplines

3 hours  
Technical Writing, Business Report Writing, Creative Writing, Journalism, Speech, Communication, or for Honors College students IDH 3034/4007

#### Expertise Focus, theory or applied

6 hours  
Two additional courses from the areas above, in consultation with a program advisor, to build upon subject-matter expertise, or for Honors College students IDH 3034/4007
IDS 3050 Cornerstone 1 hour
To be taken upon first semester entry into the major to devise a focused plan of study

IDS 4890 Capstone 2 hours
Service learning, internships, and research project options: to be taken the intended last semester before graduation to solidify degree focus and prepare for post-BA career or advanced degrees

Honors students may elect to satisfy 6 credits in any field above by completing a thesis (IDH 3034/4007) in the Advanced Research and Creativity in Honors option, or by completing a 6-credit study abroad experience (IDH 3034/4008).

The remaining hours will be taken as electives.

Bachelor of Arts in Liberal Studies

The Liberal Studies B.A. (in each track) combines the time-tested strength of a well-rounded education with innovative ways of seeing our 21st-century world and the knowledge or applied skills needed to be productive in that world. Students select one of four tracks: Health and Human Concerns; Humanities and Cultural Traditions; Law, Business and Society; or Local and Global Environments. These thematic tracks—at once flexible and focused—ensure that student knowledge and skill sets will be cohesive, in-depth, and targeted towards diverse future career opportunities.

The 33 hours of upper-division coursework for the B.A. in Liberal Studies are to be taken within the College of Arts and Sciences; optionally, up to 9 hours of the 33 hours may be taken from other FIU colleges or schools when designated in the tracks below.

To ensure that student interests, previous academic history, and career plan coincide, two dedicated courses—a 1-credit hour entrance-to-major “Cornerstone” and a graduating-year 2-credit hour “Capstone”—are integrated into the degree requirements. The first helps students select the appropriate track; the second, a senior-year applied capstone course (a service-learning, internship/experiential learning, or research project) is designed as a gateway from FIU academics to a career-world beyond FIU.

Combined BA/MA in Liberal Studies

The combined (4+1) Bachelor/Master of Arts in Liberal Studies offers outstanding undergraduate FIU students in Liberal Studies as well as in majors such as Philosophy the opportunity to earn a Masters degree in only one additional year beyond the BA degree.

The (4+1) program represents two distinct options:

1. Liberal Studies to MALS. This option allows students to complement the undergraduate major with graduate study in the same discipline as the undergraduate study.

2. Other majors such as Philosophy to MALS. This option allows students to complement the undergraduate major with graduate study in another area.

The goal is to attract outstanding students into the combined program so that they formally apply to the program in the first semester of their senior year (i.e., when they have completed 90 credit hours). Interested students should speak with the undergraduate advisor as early as possible because careful selection of undergraduate courses in the sophomore and junior years will be essential for admission to the program.

To be considered for admission to the combined bachelor’s/master’s degree program, students must have completed at least 75-90 credits in the bachelor’s degree program at FIU and meet the admissions criteria for the graduate degree program to which they are applying. Students need only apply once to the combined degree program, but the application must be submitted to Graduate Admissions before the student starts the last 30 credits of the bachelor’s degree program. A student admitted to the combined degree program will be considered to have undergraduate status until the student applies for graduation from their bachelor’s degree program. Upon conferral of the bachelor’s degree, the student will be granted graduate status and be eligible for graduate assistantships. Only 5000-level or higher courses, and no more than the number of credits specified by the program catalog, may be applied toward both degrees.

Applicants to the accelerated program need a GPA of 3.20. Formal admission to the accelerated program will usually be in the first semester of the senior year. Students would be also required to maintain a GPA of at least 3.20 to remain in the program. Participation in this program allows the students to fulfill some graduate program requirements during their senior year. More specifically, students at the senior level may be allowed to earn up to 9 graduate credits that will count towards their MALS degree. Up to 3 graduate courses (9 credits) may be used to satisfy both the Bachelor and Masters degree requirements. All double counted courses must be at the 5000 level of higher. Courses to be allowed to be double counted must be approved by MALS. Before starting the graduate program students must have satisfied all general education and core requirements.
The curriculum for the (4+1) MALS will meet criteria identical to those of the MALS program. A student will not be eligible for assistantship funding before completing all requirements for the Bachelor's degree. For double-counted courses, students must confirm with their graduate program advisor that he or she is taking the course for graduate credit. Graduates and undergraduates may have different workloads and grading criteria. The student must earn a grade of “B” or better for these courses to count towards the Masters requirements.

Admission Requirements

1. Current enrollment in a bachelor's degree in Philosophy or Liberal Studies.
2. Completion of at least 90 credits hours of coursework.
3. A current GPA of 3.20 or higher.
4. Application to the Department to enroll in the (4+1) MALS program that will include
   • Three letters of recommendation
   • Personal statement [2-3 pages] describing goals and objectives in seeking a combined accelerated degree
   • A 8-25 page writing sample of satisfactory quality
5. On-line application to the University Graduate School for admission to the MALS program.
6. Positive evaluation by the undergraduate program director.
7. Approval of the graduate admissions committee.
8. In addition to the admission requirements of the (4+1) MALS program, students must meet all the admission requirements of the University Graduate School.

Completion Requirements

1. Completion of both the required courses for the BA (33 credits) and the required courses for the MALS (33 credits).
   • For the Liberal Studies-to-MALS option, either the 3 Great Ideas Seminars or 3 – 5000 or 6000 level courses in Natural Sciences, Humanities or Social Sciences may be used to satisfy both the Bachelors and Masters degree.
   • For other majors such as the Philosophy-to-MALS option, either 3 Great Ideas Seminars or 3 – 5000 or 6000 level courses in Natural Sciences, Humanities or Social Sciences may be used to satisfy both the Bachelors and Masters degree.
2. The Bachelor's degree must be awarded when the student completes the requirements for the degree. In other words, the Bachelor's degree must be awarded before the Master's degree.
3. Students in the (4+1) MALS program have up to one year to complete the Master's degree after receipt of the Bachelor's degree.
4. Students who fail to meet the one year post BA requirement or who elect to leave the (4+1) MALS program at any time and earn only the BA degree will have the same access requirements to a regular graduate program as any other student, but will not be able to use the 9 credits in both the Bachelor's and the Master's degrees.
