Wunder, Linda, Ph.D., RN, CRNA, ARNP Clinical Associate Professor and Chair, Anesthesiology
Youngblut, Jo-Anne, Ph.D., RN, FAAN Professor

The Master of Science in Nursing (MSN) program is accredited by the Commission on Collegiate Nursing Education (CCNE), One Dupont Circle, Suite 530, Washington, DC 20036-1120, (202) 887-8476 and by the Council on Accreditation of Nurse Anesthesia Educational Programs, 222 S. Prospect Ave., Suite 304, Park Ridge, Illinois 60068 (847-692-7050) and is approved by the Florida Board of Nursing (4052 Bald Cypress Way, BIN CO2, Tallahassee, FL 32399, 850-245-4125).

The Nicole Wertheim College of Nursing and Health Sciences also offers a Ph.D. in Nursing and Doctor of Nursing Practice degree, as well as selected continuing education courses.

Master of Science in Nursing

The College offers a program of study leading to the Master of Science in Nursing (MSN) degree, as part of the post-BSN-TO-DNP curriculum, to prepare qualified professional nurses for advanced nursing roles in the care of adults, children, and families; as well as a separate program of study to prepare qualified professional nurses to function as nurse educators for teaching positions in colleges, universities, and clinical practice settings. The program offers clinical majors in adult-gerontology primary care advanced practice nursing (AGNP), pediatric primary care advanced practice nursing (PNP), family health advanced practice nursing (FNP), psychiatric-mental health advanced practice nursing (PMHNP), and nurse anesthetist (AN), and tracks for the Nurse Executive (NE).
and Nurse Educator. The design of the program allows for the development of the nurse practitioner role, the nurse anesthetist role or nurse educator role.

Throughout the curriculum, students are guided in the process of self-development to pursue excellence in professional and scholarly endeavors. The program allows flexibility within the basic curricular structure through individualized learning experiences, electives, a thesis, masters paper, research project or translational research and the opportunity to investigate an area of interest in advanced study.

The curriculum model is structured so that students will complete the program in 6 semesters (2 years) only with credits varying from 6-11 credit hours per semester. Courses are offered online and/or on ground allowing students flexibility.

Graduates of these programs are eligible to sit for national certification examinations in their respective specialties and apply for ARNP licensure (ARNP roles) as/if appropriate.

Program Objectives

The objectives of the MSN program are to prepare graduates as:

1. Leaders, educators, and change agents in the delivery of high-quality, accessible, culturally competent healthcare in local and global societies.
2. Professional advanced practice nurses who use communication, interprofessional collaboration, and synthesis of evidence-based practice, scholarship, and research in the delivery of health care for local and global societies.
3. Facilitators and leaders of interprofessional health care teams who use an understanding of organizational systems and the environment and are able to integrate care services and health care policy across local and global societies.
4. Critical thinkers who actively and skillfully utilize ethical principles into the translation of evidence into safe, affordable, accessible, innovative, quality care.
5. Advanced practice nurses who deliver patient and family centered holistic care using knowledge of basic sciences including genetics/genomics, preventive health, and advances in health technology
6. Advanced practice nurses who analyze, influence, and develop health policy that promotes access and delivery of high quality healthcare to diverse populations.

Courses which form part of the statewide articulation between the State University System and the Community College System will fulfill the Lower Division Common Prerequisites.

For generic course substitutions/equivalencies for Common Program Prerequisites offered at community colleges, state colleges, or state universities, visit: [http://www.flvc.org](http://www.flvc.org), See Common Prerequisite Manual.

Program Policies

Nursing majors are responsible for transportation expenses related to clinical experiences. They are required to carry health and accident insurance. To safeguard the health of clients, nursing students are required to submit proof of immunizations upon entry to the nursing program. Students must submit proof of basic cardiopulmonary resuscitation (CPR) certification (American Heart Association) prior to entering clinical courses in the nursing major. This CPR certification must cover the period of enrollment in the major.

The College reserves the right to terminate a student from the nursing program for reasons related to the inability to safely carry out professional responsibilities.

Application Process

Applicants must complete the following steps in order to be considered for admission:

**STEP 1 – Submit an application to Nursing CAS (the Centralized Application Service for Nursing Programs)**

1. Complete an online application via Nursing CAS [http://www.nursingcas.org](http://www.nursingcas.org) and pay the appropriate fee to Nursing CAS.
2. Complete the required FIU supplemental application and pay the $30 fee.
3. Send official transcripts from **ALL SCHOOLS attended** (all Associates & Bachelors degree coursework) to Nursing CAS for upload and verification. **EXCEPTION:** Foreign transcripts, along with their official evaluations (grades, credits, and GPA in U.S. terms), should be sent directly to the college at the following address: Nicole Wertheim College of Nursing & Health Sciences, AHC-3, Room 121, 11200 S.W. 8th Street, Miami, FL, 33199.
4. Upload all required supplemental items including three (3) professional nursing references, professional CV, copy of an active Florida RN License, and Personal Statement to Nursing CAS.

**STEP 2 – Professional Interview**

1. Following a review of all completed applications a select number of applicants will be offered the opportunity to participate in a panel interview.
2. Interview candidates may be instructed to bring an additional set of official transcripts to their interview appointment.

Anesthesia Nursing Application Process

Applicants must complete the following steps in order to be considered for admission:

1. Complete two applications as indicated and return to the appropriate offices:
   a. Complete a FIU graduate admissions application online available at [http://gradschool.fiu.edu](http://gradschool.fiu.edu).
   b. Complete an Anesthesiology nursing application and submit all required documentation outlined in the application package – available online at [http://cnhs.fiu.edu/anesthesiology](http://cnhs.fiu.edu/anesthesiology).
2. Request an official transcript of records from each college or university attended for undergraduate and graduate work. A transcript must be sent to Florida International University OneStop, 11200 SW 8 Street,
SASC First Floor, Miami, Florida 33199 and to the
Anesthesiology Nursing program as described in the
program application package.
3. Applicants to the Anesthesiology Nursing program are
reviewed by the program Admissions Committee and
selected applicants are invited for interview. The
program Admissions Committee makes final
recommendations for admission.

NOTE: The programs, policies, requirements, and
regulations listed in this catalog are continually subject to
review in order to serve the needs of the University’s and
College’s various publics and to respond to the mandates
of the Florida Department of Education, Board of
Governors, the Legislature, and other regulatory and
accrediting agencies. Changes may be made without
advance notice. Please refer to the General Information
section for the University’s policies, requirements, and
regulations. Please refer to the College’s website for
updated information in nursing.

Master of Science in Nursing – Adult-
Gerontology Primary Care Nurse
Practitioner

Admission Requirements
1. Successful completion of all the admission
requirements for graduate education at Florida
International University and the Nicole Wertheim
College of Nursing and Health Sciences.
2. Cumulative undergraduate GPA of 3.0 or greater in a
4.0 scale (CUM GPA is a calculation inclusive of all
academic coursework including courses at the
community college level.)
3. UG 60 GPA of 3.0 or greater in Bachelor of Nursing
upper division coursework.
students must obtain a license to practice in Florida
prior to admission.
5. Baccalaureate degree in Nursing (BSN) from a
program accredited by the Commission on Collegiate
Nursing Education (CCNE) or by the Accreditation
Commission for Education in Nursing (ACEN)
formerly known as the National League for Nursing
Accrediting Commission (NLNAC). Applicants from
Programs without such accreditation will be
considered on an individual basis.
6. Completion of all MSN admission paperwork including
the NursingCAS application, FIU supplemental
application, a written essay, recommendations, and
Curriculum Vitae, as well as favorable personal
interview with MSN Committee.

Graduation Requirements
1. Successful completion of 44-47 semester credits in
nursing required courses and all clinical experience
requirements.
2. Completion of a thesis (6 credits), a master’s paper (3
credits), or a research project (3 credits).
3. Achievement of an overall cumulative GPA of 3.0 or
above. See Graduate Catalog in University Graduate
School Rules and Regulations for information on
Academic Warning, Probation, and Dismissal.
4. Removal of all conditions, deficiencies, and
incomplete grades. Credit hours for courses in which
the grade is "B-"or below will not count toward
satisfying graduate degree requirements.
5. With the exception of thesis courses, students are
expected to register for courses with letter grades.

Master of Science in Nursing – Nurse Executive Track

Note: A moratorium has been placed on admissions to the Nurse Executive Track.

Admission Requirements
The applicant must:
1. Have completed a baccalaureate degree in nursing which is accredited by the National League for Nursing Accrediting Commission (NLNAC), or the Commission on Collegiate Nursing Education (CCNE). Applicants with a baccalaureate degree from nursing programs without NLNAC or CCNE accreditation will be considered on an individual basis. RN applicants (with a baccalaureate degree in another field) to the MSN program must have completed a non-nursing baccalaureate degree with a GPA of 3.0 or higher from a nationally accredited college or university.

2. Have evidence of a current RN licensure in Florida.

3. Have completed introductory courses in statistics (3 credits), and basic health assessment (3 credits). RN applicants with an Associate Degree in Nursing and a baccalaureate degree in another field who are applying to the MSN program must have completed a non-nursing baccalaureate degree with a GPA of 3.0 or higher from a nationally accredited college or university. These RN applicants must have completed undergraduate courses with a grade of “C” or higher: 4 credits each of human anatomy & lab, human physiology & lab, microbiology & lab, and survey of chemistry & lab; and 3 credits each of human growth & development, statistics, psychology, principles of nutrition, and ethics.

5. Submit evidence of basic computer application (word processing) skills.

6. Have a faculty interview.

7. Provide the following:
   a. Statement of philosophy of nursing and professional goals.
   b. Letters of reference from: 1) a previous nursing faculty; 2) a current immediate supervisor; and 3) a co-worker.

8. For international students (graduates of foreign nursing schools) only:
   a. International graduate student applicants whose native language is not English are required to submit a score for the Test of English as a Foreign Language (TOEFL) of 550 or for the International English Language Testing System (IELTS). Minimum required scores is 550 on the paper-based TOEFL, 80 on the internet-based TOEFL (iBT) or 6.5 overall on the IELTS.
   b. CGFNS certification or Florida RN license.

9. The Florida Board of Nursing and clinical agencies require the disclosure of conviction records for misdemeanors and/or felonies; therefore, this information will be required at the time of application. Applicants are required to submit to criminal background checks and drug testing. Expenses associated with background checks and drug testing (including repeat testing) are the responsibility of the student. Findings may affect a student’s ability to be admitted, to participate in clinical experiences and complete the program, and/or obtain advanced licensure/certification.

Degree Requirements

1. Completion of a baccalaureate degree in nursing which is accredited by the National League for Nursing Accrediting Commission (NLNAC), or the Commission on Collegiate Nursing Education (CCNE). Applicants with a baccalaureate degree from nursing programs without NLNAC or CCNE accreditation will be considered on an individual basis. RN applicants (with a baccalaureate degree in another field) to the MSN program must have completed a non-nursing baccalaureate degree with a GPA of 3.0 or higher from a nationally accredited college or university.

2. Completion of a thesis (6 credits), a master’s paper (3 credits), or a research project (3 credits). Students electing a master’s paper or research project must complete an additional three hours of cognate course(s).

3. Achievement of an overall cumulative GPA of 3.0 or above. See Graduate Catalog in University Graduate School Rules and Regulations for information on Academic Warning, Probation, and Dismissal.

4. Removal of all conditions, deficiencies, and incomplete grades. Credit hours for courses in which the grade is “B-” or below will not count toward satisfying graduate degree requirements.

5. With the exception of thesis courses, students are expected to register for courses with letter grades. Electives may be taken as pass/fail subject to the approval of the advisor.

**Combined BSN/MSN for Foreign-Educated Physician Track**

**Admission Requirements**
The Combined BSN/MSN track is a pathway for foreign-educated physicians (FEPs) from culturally diverse backgrounds to:

- obtain the BSN degree
- become Registered Nurses (RNs)
- attain the MSN degree
- become eligible to take the Advanced Registered Nurse Practice (ARNP) national certification exam

The combined BSN/MSN track is an accelerated program that builds upon the knowledge and skills of the social and physical sciences from a prior BS degree. It is comprised of 63 upper division credits and 43-47 graduate credits, totaling 105 to 109 credit hours. Admission to the MSN component is contingent upon meeting the MSN admission requirements.

To be admitted to the BSN/MSN track, students must:

1. Have completed a medical degree from an accredited non-US university;
2. Have transcripts evaluated by Josef Silny & Associates or by an equivalent transcript evaluation company;
3. Obtain a TOEFL score of 550;
4. Meet nursing entry requirements for computation and reading skills;
5. Meet the admission criteria to be admitted to the University and to the College of Nursing and Health Sciences; and
6. Successfully complete the following nursing prerequisites (with grade of 'C' or above): statistics, human growth & development across the life span, human nutrition, anatomy & physiology, microbiology, chemistry. Transcripts will be evaluated by NWCNHS.
7. The Florida Board of Nursing and clinical agencies require the disclosure of conviction records for misdemeanors and/or felonies; therefore, this information will be required at the time of application. Applicants are required to submit to criminal background checks and drug testing. Expenses associated with background checks and drug testing (including repeat testing) are the responsibility of the student. Findings may affect a student’s ability to be admitted, to participate in clinical experiences and complete the program, and/or obtain advanced licensure/certification.

To advance to the MSN component of this track, (Semesters V-VIII), students must:

1. Have a cumulative GPA of 3.2 or above for Semesters I to IV; and
2. Be licensed as a registered nurse (RN) by the end of Semester V.

### Degree Conferrals

Students enrolled in the MSN component must apply to graduate with the BSN during the 4th week of semester VI; BSN degree will be posted at the end of semester VI. Students will graduate with the MSN at the end of semester VIII.

### BSN Stop-out Options

1. **Low GPA Stop-out Option:** Students with <3.2 cumulative GPA for Semesters I to IV will take NUR 4636C (Care of Communities: Community Health Nursing, 4 credits) and NUR 4945L (Senior Clinical Practicum, 4 credits) in Semester V. BSN degree will be awarded at the end of semester V or semester VI depending on availability of NUR 4945L. Students must apply for graduation of the BSN component by the 4th week of the semester they intend to graduate.
2. **Failure to Pass NCLEX Stop-out Option:** Students not passing NCLEX-RN by the end of Semester V will take NUR 4945L (Senior Clinical Practicum, 4 credits) in Semester VI. BSN degree will be awarded at the end of semester VI. Students must apply for graduation of the BSN component by the 4th week of the semester they intend to graduate.
3. **Stop out Students:** Students not graduating with a BSN and will be discontinued from the combined BSN-MSN track.

### Curriculum

#### Semester I – 18 (15 UG/3 Grad)

NGR 5131  Culture and Advanced Nursing Practice (MSN Requirement – Not required for BSN)  3
NGR 5035C  Advanced Client Assessment (MSN Requirement – Not required for BSN)  3
NGR 5810  Research Methods in Nursing (MSN Requirement)  3

**Failure to Pass NCLEX Stop-out Option:** Students must pass the NCLEX during semester V. Students not passing the NCLEX-RN by the end of the semester V will take NUR 4945L (Senior Clinical Practicum, 4 credits) in semester VI and will be eligible for a BSN degree at the end of semester VI. (+4 UG credits for Stop Out Students only)

**Semester VI**
- NGR 6201C, or 6601C  Advanced Adult-Gerontology, Child, or Family Health Nursing I  3-4
- NGR 6201L, or 6501L  Advanced Adult-Gerontology, Child, or Family Health Nursing Practice I*  3-4
- NGR 5XXX  Elective  3

*Students must apply for graduation from the BSN by 4th week of semester VI.*

**Semester VII**
- NGR 6202C, or 6602C  Advanced Adult-Gerontology, Child, or Family Health Nursing II  3-4
- NGR 6202L, or 6502L  Advanced Adult-Gerontology, Child, or Family Health Nursing Practice II*  3-4
- NGR 6910C  Research Project  3

**Semester VIII**
- NGR 6209, or 6337, or 6748  Clinical Decision Making in Advanced Adult-Gerontology, Child or Family Health Nursing  3
- NGR 6700L, or 6337L, or 6619L  Role Synthesis in Advanced Adult-Gerontology, Child, or Family Health Nursing Practice*  4

*Students must apply for graduation from MSN at the beginning of semester VIII.*

*Eligible to take ARNP National Certification Exam after completion of semester VIII.

*All students must have a majority of ARNP preceptors in all NP practicum courses.*

**Repeating Nursing Courses and Dismissal**
A grade of “C” or higher in all NUR courses and a grade of “B” or higher in all NGR courses is necessary for continuing in the combined BSN/MSN track. A course in the BSN/MSN track can be repeated only once. If a student fails the same NUR course twice, or two NUR clinical and/or clinical-related courses, or two NGR courses, he/she will be dismissed from the BSN/MSN for FEP track.

**RN-BSN-MSN**
The RN-BSN-MSN requires a minimum of 120 credits for completion of the BSN portion. In addition to 60 transferable lower division credits, the degree requirements include a 24 credit nursing core, a 30 credit clinical proficiency evaluation (completed by equivalency exams), 4 credits of human anatomy & lab, human physiology & lab, microbiology & lab, and survey of chemistry & lab; and 3 credits each of human growth & development, statistics, psychology, principles of nutrition, ethics, and intercultural communication. No more than six (6) transferable credits from other nursing baccalaureate programs will be accepted for the BSN portion of the program of study.

Each applicant’s educational record is individually evaluated by the nursing unit. To progress through the curriculum, the RN must successfully complete prerequisite, corequisite and required courses for the curriculum plan in effect at the time of admission.

Students must complete the University Core Curriculum, and Equivalency Exams and be admitted to the MSN Program prior to enrollment in Level III courses. Applicants must have a 3.2 cumulative GPA to be admitted to the MSN Program and must meet admission criteria for the FIU Graduate School and MSN Program. Students must be admitted to the MSN program prior to taking Pathophysiological Basis of ANP, Culture & Advanced Nursing Practice, and Advanced Client Assessment courses.

RNs must have one year clinical nursing experience and obtain professional liability insurance prior to registering for NUR 4636C and/or NUR 4945L.

**Admission Requirements**
Degree seeking applicants with fewer than 60 semester hours of transfer credit must satisfy the same admission requirements as beginning freshmen. Visit the information website for this program at [http://rn2bsn.fiu.edu/](http://rn2bsn.fiu.edu/) for program information.

For admission to the RN-BSN-MSN track a student must:
1. Be licensed by the State of Florida as a Registered Nurse (RN).
2. Have submitted the required applications and official transcripts to FIU and CNHS.
3. Have completed a) Florida mandated Gordon Rule requirements; b) University Core Curriculum requirements; c) University foreign language requirement; and d) nursing major prerequisites with a grade of “C” or higher.
4. Have completed at least 60 transferable credits of academic course work with a cumulative GPA of at least 3.2 from a regionally accredited college or university.
5. Have completed the required Excelsior equivalency examinations with a grade of “C” or better.
6. For international students (graduates of foreign nursing schools) only:
   a. International student graduate applicants whose native language is not English are required to submit a score for the Test of English as a Foreign Language (TOEFL) of 550 or for the International English Language Testing System (IELTS). Minimum required scores is 550 on the paper-based TOEFL, 80 on the internet-based TOEFL (iBT) or 6.5 overall on the IELTS.
   b. CGFNS certification on Florida RN licensure.
7. See Generic BSN for program policies related to background checks, immunizations, health requirements, and CPR.

**Advanced Placement of RNs**
Advanced placement in both nursing and non-nursing courses is facilitated by earning credits through
examination, i.e., challenge or equivalency exams such as CLEP or Excelsior College examinations (Psychiatric-Mental Health Nursing, Adult Health Nursing, and Maternal-Child Nursing) with a grade of “C” or higher.

RNs who are admitted to the MSN program complete three graduate level courses (Advanced Client Assessment, Pathophysiological Basis of ANP and Culture & Advanced Nursing Practice) while taking BSN courses. Applicants admitted to the MSN program will substitute graduate nursing practicum credits for NUR 4945L Senior Clinical Practicum. Students who are not admitted to the MSN program will complete NUR 3666 Evidence-Based Nursing and Research in Global Health Care and NUR 4945L Senior Clinical Practicum for the BSN degree.

Curriculum

RN Baccalaureate Level Course Requirements: (10)
(For RN with BS/BA in another field)
NUR 3119  Professional Nursing: Concepts and Issues  3
NUR 3668  Nursing Leadership in Global Health Care  3
NUR 4636C  Care of Families: Community Health Nursing  4

Level I:
NUR 3821  Professional Nursing Leadership: Concepts and Issues  3
NUR 3066C  Health Assessment and Promotion in Nursing Practice  4
NUR 3226*  Nursing Care of Adults I  3
NUR 3226L*  Nursing Care of Adults I Clinical  3
NUR 3227*  Nursing Care of Adults II  3

Level IV:
NUR 4636C  Care of Families: Community Health Nursing  4
NGR 5035C  Advanced Client Assessment  3

*E.E. = Equivalency Exam
**Students must apply to the MSN program at this point; Applicants must have a 3.2 GPA to be admitted to the MSN program.

See University catalog/nursing advisor for pre-and-corequisite courses.

Master of Science in Nursing – Nurse Anesthetist

Note: The degree program for Nurse Anesthetist is transitioning from the MSN to DNP degree. The program will not be accepting new applicants for the MSN.

Admission Requirements

1. Successful completion of all the admission requirements for graduate education at Florida International University and the Nicole Wertheim College of Nursing and Health Sciences.
2. Cumulative undergraduate GPA of 3.0 or greater in a 4.0 scale (CUM GPA is a calculation inclusive of all academic coursework including courses at the community college level.)
3. UG 60 GPA of 3.0 or greater in Bachelor of Nursing upper division coursework.
5. Baccalaureate degree in Nursing (BSN) from a program accredited by the Commission on Collegiate Nursing Education (CCNE) or by the Accreditation Commission for Education in Nursing (ACEN), formerly known as the National League for Nursing Accrediting Commission (NLNAC). Applicants from Programs without such accreditation will be considered on an individual basis.
6. Completion of all admission paperwork including the program application, a written essay, (3) recommendations, and curriculum vitae, as well as personal interview with Anesthesiology Nursing Admission Committee.

Graduation Requirements

1. Completion of all required courses and clinical experience requirements.
2. Completion of a master’s paper (3 credits) or a capstone project (6 credits).
3. Achievement of an overall cumulative GPA of 3.0 or above. See Graduate Catalog in University Graduate School Rules and Regulations for information on Academic Warning, Probation, and Dismissal.
4. Removal of all conditions, deficiencies, and incomplete grades. Credit hours for courses in which the grade is “B-” or below will not count toward satisfying graduate degree requirements.
5. With the exception of thesis courses, students are expected to register for courses with letter grades. Electives may be taken as pass/fail subject to the approval of the advisor.

Curriculum

MSN Level Course Requirements

Graduate Nursing Core: (9 credits)
NGR 5110  Theories in Nursing  3
NGR 7121  Scientific and Theoretical Foundations for Advanced Nursing Practice  3
NGR 5131  Culture and Advanced Nursing Practice  3
NGR 5810  Research Methods in Nursing  3

Advanced Practice Nursing Core (AN): (9 credits)
Ph.D. in Nursing
The Ph.D. in Nursing program is designed to prepare its graduates for leadership roles and research careers in academia, the health care industry, and government and private organizations focused on health care. The program purpose is to develop individuals who will be leaders in generating and applying the science needed to guide nursing practice, and who have the knowledge and skills to direct and guide application of other evidence-based health care findings to improve the health of people from diverse cultures. Students in the program will pursue individualized courses of study under the mentorship of research active faculty. A major program emphasis is the preparation of Ph.D. educated minority nursing leaders and focused research on health issues for minority and underserved populations. There are two tracks in the Ph.D in Nursing, MSN to PhD and BSN to PhD.

Admission Requirements MSN to PhD Track
A prospective student must meet all admission requirements stipulated in the University's Graduate Policies and Procedures. Additional requirements are as follows:
1. A master's degree in nursing from an accredited institution.
2. A master's program grade point average (GPA) of 3.3/4.0 or higher.
3. (Verbal and Quantitative) Graduate Record Examination (GRE) scores. The GRE must have been taken within the last 5 years of the date postmarked on the application. If the GRE was taken prior to 5 years and the combined score is high, call the College's Doctoral Program Office to determine if a waiver is possible.
4. Three letters of recommendation from academic and professional references.
5. International graduate student applicants whose native language is not English are required to submit a score for the Test of English as a Foreign Language (TOEFL) or for the International English Language Testing System (IELTS). Minimum required scores is 550 on the paper-based TOEFL, 80 on the internet-based TOEFL (iBT) or 6.5 overall on the IELTS.
6. A statement of the applicant's goals for pursuing the PhD degree in nursing. This statement must be typed, double-spaced, in a narrative format of no more than 500 words, using Times New Roman or Arial 12 Font.
7. Current Registered Nurse (RN) licensure or RN licensure with Advanced Registered Nurse Practitioner (ARNP) certification in the State of Florida if applicable. The license must remain current throughout the program. Registered Nurse (RN) licensure in Florida is waived for international students.
8. Current professional liability insurance. The graduate student must maintain liability insurance throughout the program.
9. A satisfactory interview by members of the College’s Doctoral Program Admissions Committee. The Committee will examine the credentials of all applicants.

Admission Requirements BSN to Ph.D. Track
Prospective student must meet all admission requirements stipulated in the University's Graduate Policies and Procedures. Additional requirements are as follows:
1. An overall undergraduate GPA of 3.3 on a 4.0 scale.
2. Curriculum Vitae
3. Evidence of scholarship in nursing science, for example: Term paper/special project report; research report; published article or manuscript submitted for publication
4. Demonstrated computer proficiency in word processing and electronic library searches
5. Applicants, whose native language is not English, must take the TOEFL (Test of English as a Foreign Language) and obtain a minimum of 80 on the iBT TOEFL (equivalent to 550 on the paper based version).
6. The Graduate Record Examination (GRE) is required for admissions into the Ph.D. in Nursing Program.
GRE must have been taken within the last 5 years of the date postmarked on the application.

7. Three letters of recommendation from academic and professional references.

8. A statement of the applicant’s goals for pursuing the Ph.D. degree in nursing. This statement must be typed, double-spaced, in a narrative format of no more than 500 words, using Times New Roman or Arial 12 Font.

9. Current Registered Nurse (RN) licensure in the State of Florida. License must remain current throughout the program.

10. Current professional liability insurance. The graduate student must maintain liability insurance throughout the program.

11. A satisfactory interview by members of the College’s Doctoral Program Admissions Committee. The Committee will examine the credentials of all applicants.

Application Process

Applicants must complete the following steps in order to be considered for admission:

1. Complete two applications as indicated and return to the appropriate offices to avoid unnecessary delay in the review process.
   a. Complete a graduate admissions application online available at [http://gradschool.fiu.edu](http://gradschool.fiu.edu).
   b. Complete the FIU NWGCNHS-PhD Application for Admission via NursingCAS (The Centralized Application Service for Nursing Programs) at [https://nursingcas.liaisoncas.com/applicant-ux/#/login](https://nursingcas.liaisoncas.com/applicant-ux/#/login).

2. Request an official transcript of records from each college or university attended for undergraduate and graduate work. Transcripts must be sent to both 1) FIU, Office of Graduate Admissions, P.O. Box 659004, Miami, Florida 33265-9004 and 2) uploaded to your NursingCAS profile.

3. Submit the required documents (transcripts, GRE scores, TOEFL scores if applicable, letters of recommendation, statement of goals, RN licensure, liability insurance) for admission evaluation. The application and required documents do not have to be sent to the University Graduate Admissions Office or the College Admissions Office as one package; however, all required documents MUST be received on or before the deadline date.

4. The application file must be complete before the College’s Doctoral Program Committee will consider the applicant for admission. The application and supporting documents must be received on or before June 1 for Fall admission. If the application and supporting documents are not received by the appropriate deadline, the application will be considered for admission for the following term.

General Degree Requirements

1. Achievement of an overall cumulative GPA of 3.0 or above. A cumulative GPA of less than 3.0 will place the student on probation for one semester, and she/he may be subject to dismissal if the 3.0 GPA requirement is not met after the probationary period.

2. Removal of all conditions, deficiencies, and incomplete grades. With the exception of doctoral dissertation courses, students are expected to register for courses with letter grades. Credit hours for courses in which the grade is “B-” or below will not count toward satisfying graduate degree requirements.

3. Student is expected to complete the dissertation five (5) years from the date of advancement to candidacy (i.e., successful completion of written and oral examinations, favorable recommendation of supervisory/guidance committee, and an approved dissertation proposal).

4. All requirements must be completed within nine years of first enrollment in the doctoral program.

Curriculum MSN to PhD Track: (60 Credits)

The MSN to PhD track requires completion of 60 credit hours of coursework and dissertation credits. The program can be completed in 4 years of full-time study.

The track requires completion of the following courses:

A research sequence (1 course on knowledge development, 2 courses in research methods and design, 2 courses in statistics, and 2 courses on grantsmanship); research in health care for multicultural, diverse and vulnerable populations; academic, health care and political systems: function, structure, leadership and survival; accessing, managing, and packaging information; and a minimum of 2 cognate courses in a specific knowledge area.

Core Knowledge: (12)

- NGR 6123 Knowledge Development in Nursing Science 3
- NGR 7830 Research in Health Care for Multicultural, Diverse, and Vulnerable Populations 3
- NGR 7873 Accessing, Managing and Packaging Information 3

Research Methods and Design: (9)

- NGR 6800 Advanced Nursing Research Methods I: Design and Sampling 3
- NGR 6801 Advanced Nursing Research Methods II: Measurement and Dissemination 3
- NGR 6815 Qualitative Methods 3

Statistics: (6)

- NGR 6851 Empirical Evidence for Clinical Research and Practice I 3
- NGR 6857 Empirical Evidence for Clinical Research and Practice III 3

Grantsmanship: (6)

- NGR 6917 Grantsmanship I 3
- NGR 6918 Grantsmanship II 3

Cognate Electives: (6)

(Electives by advisement)

- NGR 6850 Empirical Evidence for Clinical Research and Practice I (recommended if no Stats taken in the last 3 years) 3

Dissertation: (18)

- NGR 7980 Dissertation I 3-18
Curriculum BSN to PhD Track (Minimum of 91 credits)

The BSN to PhD track builds on student's general nursing knowledge and skills at the baccalaureate level and provides a course of study for advanced nursing practice at the master's level. The curriculum includes master's level courses designed to prepare students for advanced practice roles and provide the foundation from which students can engage in a program of intellectual inquiry at the doctoral level. If a student in the BSN-PhD track desires specialty certification (e.g., adult nurse practitioner), all required course work and clinical practice must be completed for that clinical specialty. Students will receive the MSN degree upon completion of the first 5 semesters of full time study described in the program progression plan. The program can be completed in 4 ½ - 5 years of full-time study or 6-7 years of part-time study.

The BSN-PhD in Nursing track requires a minimum of 91 credits, including 6 credits of MSN core, 9 credits of APN (Advanced Practice Nursing) core; 12-16 credits of nursing specialty; 4 credits of role development; 12 credits of core knowledge (scientific inquiry & nursing science, cultural competence in research), 6 credits of statistics, 9 credits of advanced research methods, 6 credits of grantsmanship, 6 credits of cognate electives, and a minimum of 18 credit hours of dissertation.

MSN Core: (6)
NGR 5604 Culture and Advanced Nursing Practice 3
NGR 5810 Research Methods in Nursing 3

APN Core: (9)
NGR 5035C Advanced Client Assessment 3
NGR 5141 Pathophysiological Basis of ANP 3
NGR 6192 Pharmacological Concepts in ANP 3

Clinical Nursing Specialty/EDU/ADM: (12)
AHN/CHN/FNP/PMHN/ADM clinical track courses. Note: Family Nurse Practitioner (FNP) and Nurse Anesthesia tracks require greater than 12 clinical track credits to meet accreditation and certification requirements for clinical contact hours.

Role Development: (4)
NGR 6700L Role Synthesis in Advanced Adult-Gerontology Nursing Practice 4
NGR 6337L Role Synthesis in Advanced Child Health Nursing Practice 4
NGR 6505L Role Synthesis in Advanced Psychiatric-Mental Health Nursing Practice 4
NGR 6619L Role Synthesis in Advanced Family Health Nursing Practice 4

Core Knowledge: (12)
NGR 6123 Knowledge Development in Nursing Science 3
NGR 7830 Research in Health Care for Multicultural, Diverse, and Vulnerable Populations 3
NGR 7873 Accessing, Managing and Packaging Information 3

Statistics: (6)
NGR 6851 Empirical Evidence for Clinical Research and Practice II 3
NGR 6857 Empirical Evidence for Clinical Research and Practice III 3

Research Methods and Design: (9)
NGR 6800 Advanced Nursing Research Methods I 3
NGR 6801 Advanced Nursing Research Methods II 3
NGR 6815 Qualitative Methods 3

Grantsmanship: (6)
NGR 6917 Grantsmanship I 3
NGR 6918 Grantsmanship II 3

Cognate Electives: (6)
(Electives by advisement)
NGR 6850 Empirical Evidence for Clinical Research and Practice I (recommended if not Stats taken in the last 3 years) 3

Candidacy Examination (3-9)
NGR 7982 Candidacy Examination 3-9

Dissertation (18)
NGR 7980 Dissertation I 3-18

Examinations

A student must successfully complete the following written examination and oral defenses in partial fulfillment of requirements for the Ph.D. degree in Nursing:

1. Candidacy Examination: The purpose of the Candidacy Examination is to demonstrate the student's ability to 1) synthesize knowledge in the student's research (substantive and methods) and cognate areas; 2) visualize the long-term development of a program of research in the defined area; and 3) place the planned Dissertation research in the context of that program of research and the area of knowledge. Upon successfully passing the written and oral Candidacy Examination and completing all required coursework, the student is admitted to Dissertation Candidacy. The Candidacy Examination is held after completion of course work requirements as represented in the student's Plan of Study, and prior to the Defense of the Dissertation Proposal.

2. Dissertation Proposal Defense: The proposal defense must be completed after the student has identified the major substantive and methodological issues of the research problem and the proposal is written in excellent form. The Proposal should consist of:
   a) An introduction to research problem, with a statement of the research question or hypothesis;
   b) A review of relevant literature sufficient to provide context for the research problem as well as a review of literature focused on the specific question to be examined;
   c) A description of the research methods to be utilized in answering the research question, including a complete definition of the data to be collected and extant data bases that could be used; and
   d) A list of references.

The proposal oral defense must be successfully completed and approved by the Dissertation Committee prior to the defense of the dissertation.
3. Dissertation Defense: All Committee members must preliminarily approve the Dissertation document before the student can apply for Dissertation Defense. By their signatures, Committee members certify that the Dissertation is ready for Defense.

The student should consult with his/her Chairperson on the format and the time parameters of the oral Defense. After the Committee determines that the Defense was successful, the student should obtain signatures of all Committee members on the required form. Students should become familiar with the Nicole Wertheim College of Nursing and Health Sciences Ph.D. in Nursing Policies and Procedures at [http://cnhs.fiu.edu/](http://cnhs.fiu.edu/) and the University Graduate School’s regulations and deadlines at [http://gradschool.fiu.edu](http://gradschool.fiu.edu).

**Doctor of Nursing Practice**

The Doctorate of Nursing Practice (DNP) is a program of graduate doctoral study for the registered nurse with specialty preparation in advanced practice nursing. The DNP program of study includes or builds upon the clinical specialization to include study of: advanced specialty practice; systematic practice and program outcome evaluation; application of health information resources; development of safe, equitable, and cost effective health policy; innovation, implementation and evaluation of care delivery models; leadership development in health care delivery and clinical expertise for advanced nursing practice and education. The goals of the DNP program are to prepare nurses for leadership roles in a specialized area of advanced practice nursing with an emphasis on: philosophical, ethical, and scientific principles that provide the foundation for leadership in professional nursing care; continued acquisition of knowledge and clinical skills in an area of advanced practice specialization; and leadership and clinical expertise in healthcare delivery, evaluation, quality improvement and advanced practice nursing education. The DNP is offered as a MSN-to-DNP track or as a Dual Degree MSN + DNP option for adult-gerontology nursing, child health nursing, family health nursing, psychiatric health nursing, and nurse anesthetist; and as a clinical major for BSN-to-DNP for Nurse Anesthetist. The clinical major for BSN-to-DNP nurse practitioner roles may be offered at future date.

**Admission Requirements (Post-MSN-to-DNP track)**

Admission to the DNP Program is competitive and is based on evaluations of the applicant's abilities, past performance, recommendations and match of FIU's DNP Program goals with the applicant's professional practice goals. In addition to the general FIU graduate admission requirements, applicants to the DNP Program must meet the following requirements:

1. Completed Master's degree in Advanced Practice Nursing specialty role (e.g. ANP, PNP, FNP, CRNA, CNM, CNS, etc.) from an accredited institution with minimum cumulative GPA of 3.25;
   Or
2. Current licensure with no restrictions as an ARNP in your state of residence;
3. Proof of Advanced Practice Specialty Certification;
4. Completion CNHS DNP Program Application;
5. Essay (500 words) addressing desired focus and areas of interest for practice in DNP program;
6. Three (3) professional recommendations describing the applicant's ability to be successful in a DNP program;
7. Curriculum Vitae;
8. Successful personal Interview with DNP admissions committee;

**Degree Requirements (MSN-to-DNP track)**

The Doctorate of Nursing Practice requires completion of a minimum of 36 credits (beyond a Master of Science in Nursing) and a Capstone Project. DNP students will be expected to progress in their plan of study and demonstrate satisfactory attainment of course objectives and terminal program competencies. All course work must be completed with a minimum grade of "B" or "Pass" for non-thesis grade courses. Clinical performance in residency must be evaluated at a satisfactory level and completed with a grade of "Pass." The Capstone Project must be approved by the DNP Project Committee. A successful public presentation and defense of the DNP Capstone Project is also required.

**Doctoral Nursing Practice Core (36 credits)**

**Admission Requirements (BSN-to-DNP Nurse Anesthetist)**

Admission to the BSN-to-DNP Nurse Anesthetist is competitive and is based on evaluations of the applicant's abilities, past performance, recommendations and match of FIU's DNP program goals with the applicant's professional practice goals. In addition to the general FIU graduate admission requirements, applicants to the DNP-NA Program must meet the following requirements:

1. Successful completion of all the admission requirements for graduate education at Florida International University, the Nicole Wertheim College of Nursing and Health Sciences, and the Department of Nurse Anesthetist Practice (DNAP).
2. Baccalaureate degree in Nursing (BSN) from a National League for Nursing Accrediting Commission (NLNAC) or the Commission on Collegiate Nursing Education (CCNE) accredited nursing program and from a regionally accredited institution.
3. Cumulative undergraduate GPA of 3.0 or greater in a 4.0 scale and a minimum GPA of 3.0 for upper division coursework (UG 60).
4. Official GRE scores (Verbal, Quantitative, and Analytical); NOTE: There is no minimum GRE score recommended for this program.
5. Current State of Florida RN license. Out of state students must obtain a license to practice in Florida prior to admission.
6. Completion NWCHNS DNAP Program Application.
7. Essay (500 words)
8. Three professional recommendations.
10. Successful personal interview with DNAP admissions committee.

**Degree Requirements (BSN-to-DNP Nurse Anesthetist)**

The Doctorate of Nursing Practice – Nurse Anesthetist requires the completion of all required courses and clinical experience requirements and a Capstone Project. DNPN-A students will be expected to progress in their plan of study and demonstrate satisfactory attainment of course objectives and terminal program competencies. All course work must be completed with a minimum grade of “B” or “Pass” for non-letter grade courses. Clinical performance in residency must be evaluated at a satisfactory level and completed with a minimum letter grade of “B.” The Capstone Project must be approved by the DNAP Project Committee. A successful public presentation and defense of the DNP Capstone Project is also required.

**Post-BSN-to-DNP (Adult-Gerontology Primary Care Nurse Practitioner-MSN/DNP)**

The Post-BSN-to-DNP is a program of graduate doctoral study for registered nurses. The Post-BSN-to-DNP program of study builds upon the initial clinical training of entry level nurses prepared at the baccalaureate level. This program will include the study of: advanced specialty practice; systematic practice and program outcome evaluation; application of health information resources; development of safe, equitable, and cost effective health policy; innovation, implementation and evaluation of care...
delivery models; leadership development in healthcare delivery and clinical expertise for advanced nursing practice education. Graduates of this program will be eligibility for certification as an Adult-Gerontology Primary Care Nurse Practitioner. The goals of the Post-BSN-to-DNP program are to prepare nurses for leadership roles in a specialized area of advanced nursing practice with an emphasis on: philosophical, ethical, and scientific principles that provide the foundation for leadership in professional nursing care; continued acquisition of knowledge and clinical skills in an area of advanced practice specialization; and leadership and clinical expertise in healthcare delivery, evaluation, quality improvement and advanced practice nursing education.

Admission Requirements

1. Successful completion of all the admission requirements for graduate education at Florida International University and the Nicole Wertheim College of Nursing and Health Sciences.
2. Cumulative undergraduate GPA of 3.0 or greater on a 4.0 scale (CUM GPA is a calculation inclusive of all academic coursework including courses at the community college level.)
3. UG 60 GPA of 3.0 or greater in Bachelor of Nursing upper division coursework.
5. Baccalaureate degree in Nursing (BSN) from a program accredited by the Commission on Collegiate Nursing Education (CCNE) or by the Accreditation Commission for Education in Nursing (ACEN) formerly known as the National League for Nursing Accrediting Commission (NLNAC). Applicants from Programs without such accreditation will be considered on an individual basis.
6. Completion of all admission paperwork including the NursingCAS application, a written essay, Recommendations, and Curriculum Vitae
7. Essay (500 words) addressing desired focus and areas of interest for practice in the Post-BSN-to-DNP program.
8. Three (3) professional recommendations describing ability to be successful in a MSN-DNP program.
10. Successful personal Interview with The Post-BSN-to-DNP admissions committee.

In order to advance to the DNP Scholarly Project course series component of this track, students must meet the following requirements upon conferral of MSN degree:
1. Maintain good academic standing as defined in the FIU Student Handbook
2. Current licensure with no restrictions as an ARNP in your state of residence;
3. Proof of Advanced Practice Specialty National Board Certification in the specialty of conferred MSN (i.e., AGNP, FNP, PNP, PMHNP)

Nurse Anesthetist-Master of Science in Nursing/Doctor of Nursing Practice Combined Degree Program

Note: The degree program for Nurse Anesthetist is transitioning from the MSN to DNP degree. The program will not be accepting new applicants for the MSN.

The combined Nurse Anesthetist Master of Science in Nursing - Doctor of Nursing Practice (MSN-DNP) degree is a plan of doctoral study for registered nurses seeking preparation in an advanced clinical specialty as a nurse anesthetist. The combined MSN-DNP degree builds upon the initial clinical education and experience of registered nurses prepared at the baccalaureate level. The MSN-DNP curriculum plan is intended to prepare entry-level nurse anesthetists in the foundations of anesthesiology nursing and provides additional knowledge and skills in leadership, education, and the application of evidence-based clinical practice. Over the years, requirements for the profession of nursing have evolved, consistent with changing needs of the healthcare environment. Transforming healthcare delivery recognizes the critical need for clinicians to design, evaluate, and continuously improve the context within which care is delivered. Advanced practice nurses prepared at the doctoral level with a blend of clinical, organizational, economic, and leadership skills will significantly impact healthcare outcomes. The goals of the MSN-DNP program are to...
prepare nurses for leadership roles in advanced nursing practice with an emphasis on: philosophical, ethical, and scientific principles that provide the foundation for leadership in professional nursing; knowledge and clinical skills in advanced practice specialization; and leadership and clinical expertise in healthcare delivery, evaluation, quality improvement and advanced practice nursing education.

Admission Requirements

1. Complete and satisfy all admission requirements for graduate education at Florida International University and the Nicole Wertheim College of Nursing and Health Sciences, including the timely submission of all required applicants, transcripts, and documentation materials.

2. Have completed a baccalaureate degree in nursing, with a GPA of 3.0 or higher from a regionally accredited college or university. The baccalaureate nursing program must be accredited by the National League for Nursing Accrediting Commission (NLNAC) or the Commission on Collegiate Nursing Education (CCNE). Applicants with a baccalaureate degree from nursing programs without NLNAC or CCNE accreditation may be considered on an individual basis. RN applicants who have a non-nursing baccalaureate degree, completed with a GPA of 3.0 or higher, from a nationally accredited college or university may be eligible for admission through the BSN-MSN bridge option which requires the completion of 7 credits of BSN coursework (NUR 3821 and NUR 4636C) simultaneous with enrollment in the MSN or MSN-DNP plan of study.

3. Submit documentation of a current and unrestricted RN licensure in Florida, and current certifications in Basic Cardiac Life Support (BCLS), Advanced Cardiac Life Support (ACLS), and Pediatric Advanced Life Support (PALS). If admitted, certifications must remain current through December of the first year of enrollment. CCRN certification as a Critical Care nurse is recommended.

4. Have complete a minimum of one year of full time clinical nursing experience as an RN in a critical care unit prior to the application deadline. Critical care experience must be obtained in a critical care unit in a hospital within the United States, its territories or a US military hospital outside of the United States.

5. Submit official Verbal, Quantitative, and Analytical scores from the Graduate Record Exam (GRE). Exceptionally qualified applicants with a GPA of less than 3.0, with competitive GRE scores may be considered for admission on an individual basis.

6. Complete the Nurse Anesthetist program application form which includes a current curriculum vitae, three letters of professional reference, documentation of critical care experience, essay statement of professional goals, and documentation of other non-university professional education, clinical experience, or certifications.

7. Satisfy admissions eligibility based upon review of the above materials by the Admissions Committee who will recommend qualified applicants to attend the Nurse Anesthetist program applicant information and interview session.

8. For international applicants (graduates of foreign nursing schools) only: International graduate student applicants whose native language is not English are required to submit a score for the Test of English as a Foreign Language (TOEFL) or for the International English Language Testing System (IELTS). Minimum required scores is 550 on the paper-based TOEFL, 80 on the internet-based TOEFL (iBT) or 6.5 overall on the IELTS.

9. Applicants for admission from another anesthesiology nursing program are considered on a case by case basis. Applicants who are dismissed from another program due to academic misconduct, clinical negligence, or substance abuse will not be considered for admission. A Letter of Good Standing must be provided at the time of application from the prior program director. No clinical anesthesiology coursework will be considered for transfer credit. For non-anesthesiology courses, University policies limit the transfer of no more than 6 credits of equivalent coursework.

10. The Florida Board of Nursing and clinical agencies require the disclosure of criminal conviction records for misdemeanors and/or felonies; therefore, this information will be required at the time of application. Applicants are required to submit to criminal background checks and drug testing. Expenses associated with background checks and drug testing (including repeat testing) are the responsibility of the student. Findings may affect a student’s ability to be admitted, to participate in clinical experiences and complete the program, and/or obtain advanced licensure/certification.

11. This is a competitive, limited admission program and completion of all admission requirements alone, is not a guarantee of admission. Additional or changes in admission requirements may be made in compliance with licensure, certification, or accreditation requirements.
