Speech-Language Pathology Certificate

The Certificate Program seeks to provide undergraduate level instruction in the identification, prevention and management of speech and language disorders. The certificate will prepare students with bachelor's degrees in other areas with the required coursework to apply to the master's program in speech-language pathology. The master's degree is the entry level degree for speech-language pathologists. However, with a bachelor's degree and the 25 credits completed for this certificate, students

will be able to apply for a state license as a speech-language pathology assistant. **PLEASE NOTE: This program is being phased out effective end of Spring semester 2016 and is no longer accepting applications for admissions.**

The Certificate requires the completion of the following 25 credits.

SPA 4112	Phonetics	3
