<b>STA 3123</b>	<b>Stats for Behav Scien II<sup>3</sup></b>

<sup>1</sup>Organic chemistry sequence or physics sequence must be taken at the Lower Division.

<sup>2</sup>Physics without Calculus I and II and corresponding labs can be substituted (PHY 2053 and PHY 2054).

<sup>3</sup>Calculus I and Calculus II must be taken in the Lower Division. If Statistics I is taken, it must be taken in the Lower Division.

\*FIU does not accept MAC 2233 (Calculus for Business) as a substitute for MAC 2311 (Calculus I).

\*\*Calculus I and Statistics I alone are not sufficient to meet the requirements for the degree. STA 3111 and STA 3112 may be substituted for STA 2122 and STA 3123.

Students admitted to the university are admitted directly to their chosen major. Students are expected to make good progress based on critical indicators, such as GPA in specific courses or credits earned. In cases where students are not making good progress, a change of major may be required. Advisors work to redirect students to more appropriate majors when critical indicators are not met.
