The goal of the Theatre Program is to provide intensive theatre training through classes and productions, conducted with professional theatre discipline and the highest possible aesthetic standards. In addition to completion of course work, theatre majors are required to participate in all major productions.

B.A. candidates will complete the core theatre courses and select an additional 18 elective theatre credits from the approved list of theatre courses. B.F.A. candidates will complete their core theatre courses plus a specialization in either performance or design. In conjunction with specified courses in the College of Education the Department offers all of the courses required for the student to be eligible for teacher certification in Theatre Education.

The degree requirements represent a four year program. Upper division transfers must have their lower division preparation evaluated by the university and by the Department and will be advised accordingly.

An audition or portfolio review and/or interview is required of all candidates wanting to enter the theatre program. Students admitted to the university are admitted directly to their chosen major. Students are expected to make good progress based on critical indicators, such as GPA in specific courses or credits earned. In cases where students are not making good progress, a change of major may be required. Advisors work to redirect students to more appropriate majors when critical indicators are not met.

Candidates for whom English is a second language must have a minimum TOEFL score of at least 550, plus an interview with department personnel to determine adequacy of their English writing and speaking skills.
